13229 & 13277 84th Avenue, Surrey, BC

The Opportunity

The properties represent an opportunity to acquire two regular legal parcels totalling 9.43-acres (410,770 SF). Both parcels are impacted by a northward flowing creek, which forks along the lot line towards the north end of the properties (Cruikshank Creek & Mahood Creek). The creeks are red-coded watercourses indicating habitation by salmonids year-round. Therefore the net usable acreage of the site totals approximately 2.43-acres due to setbacks from the watercourses.

The City of Surrey's Official Community Plan (OCP) designates the subject parcels as Urban Zoning, allowing for approximately 10+ units per acre (u.p.a.). Current RA (One Acre Residential) zoning allows for single-family uses on minimum lot sizes of one acre or more.

Location

The properties are located on the northeast corner of the 84th Avenue and 132nd Street intersection in the City of Surrey's West Newton neighbourhood.
