The New Stanislaus County Courthouse

Just Steps Away

This project will create a full-service courthouse in Modesto to replace seven court facilities: five in Modesto and the two outlying courthouses. Consolidating these facilities will enable the court to increase efficiency by retiring leases and centralizing operations. The project will improve security by providing enhanced entrance screening, separate hallways for the public, staff, and in-custody defendants, and properly sized holding areas for in-custody defendants.

The project includes space for two future new judgeships and will enable the court to provide basic services currently not possible due to space restrictions, such as a self-help center; appropriately sized public lobby and service counters; a properly sized and equipped jury assembly room and jury deliberation rooms, and rooms for family court mediation and attorney/client interviews, as well as a children's waiting room.
