## INVESTMENT HIGHLIGHTS

### Strategic Location

- Strategically located in Royse City along the I-30 corridor between downtown Rockwall (13 miles west) and downtown Greenville (14 miles east), the Site benefits from a limited multifamily supply in the immediate trade area — creating exceptional first-mover advantage for a well-executed apartment development.
- Surrounded by rapidly expanding retail infrastructure along the I-30 corridor including Walmart, Lowe’s, CVS, and Chili’s, this Site offers future residents immediate access to everyday conveniences and dining — a critical driver of multifamily lease-up velocity and long-term resident retention.
- Situated approximately 34 miles from downtown Dallas with direct access via Interstate 30, this multifamily development site sits at the epicenter of one of the DFW Metroplex’s most active growth corridors — perfectly positioned to capture the wave of households priced out of closer-in submarkets and seeking quality rental housing in an amenity-rich, affordable community.

### Zoning

- The Site is zoned MF-2 through a Planned Development. MF-2 zoning allows for a maximum density of 24 units per acre. Therefore, a developer could build approximately 202 units at maximum density.
- The Site is also excluded from the I-30 overlay district, exempting a future developer from stricter design and landscape standards.
- Site is also labeled as a DDA “Difficult Development Area” within the HUD census map.
- *Buyer to verify zoning and acceptable uses on the Property.*

### Population and Demographics

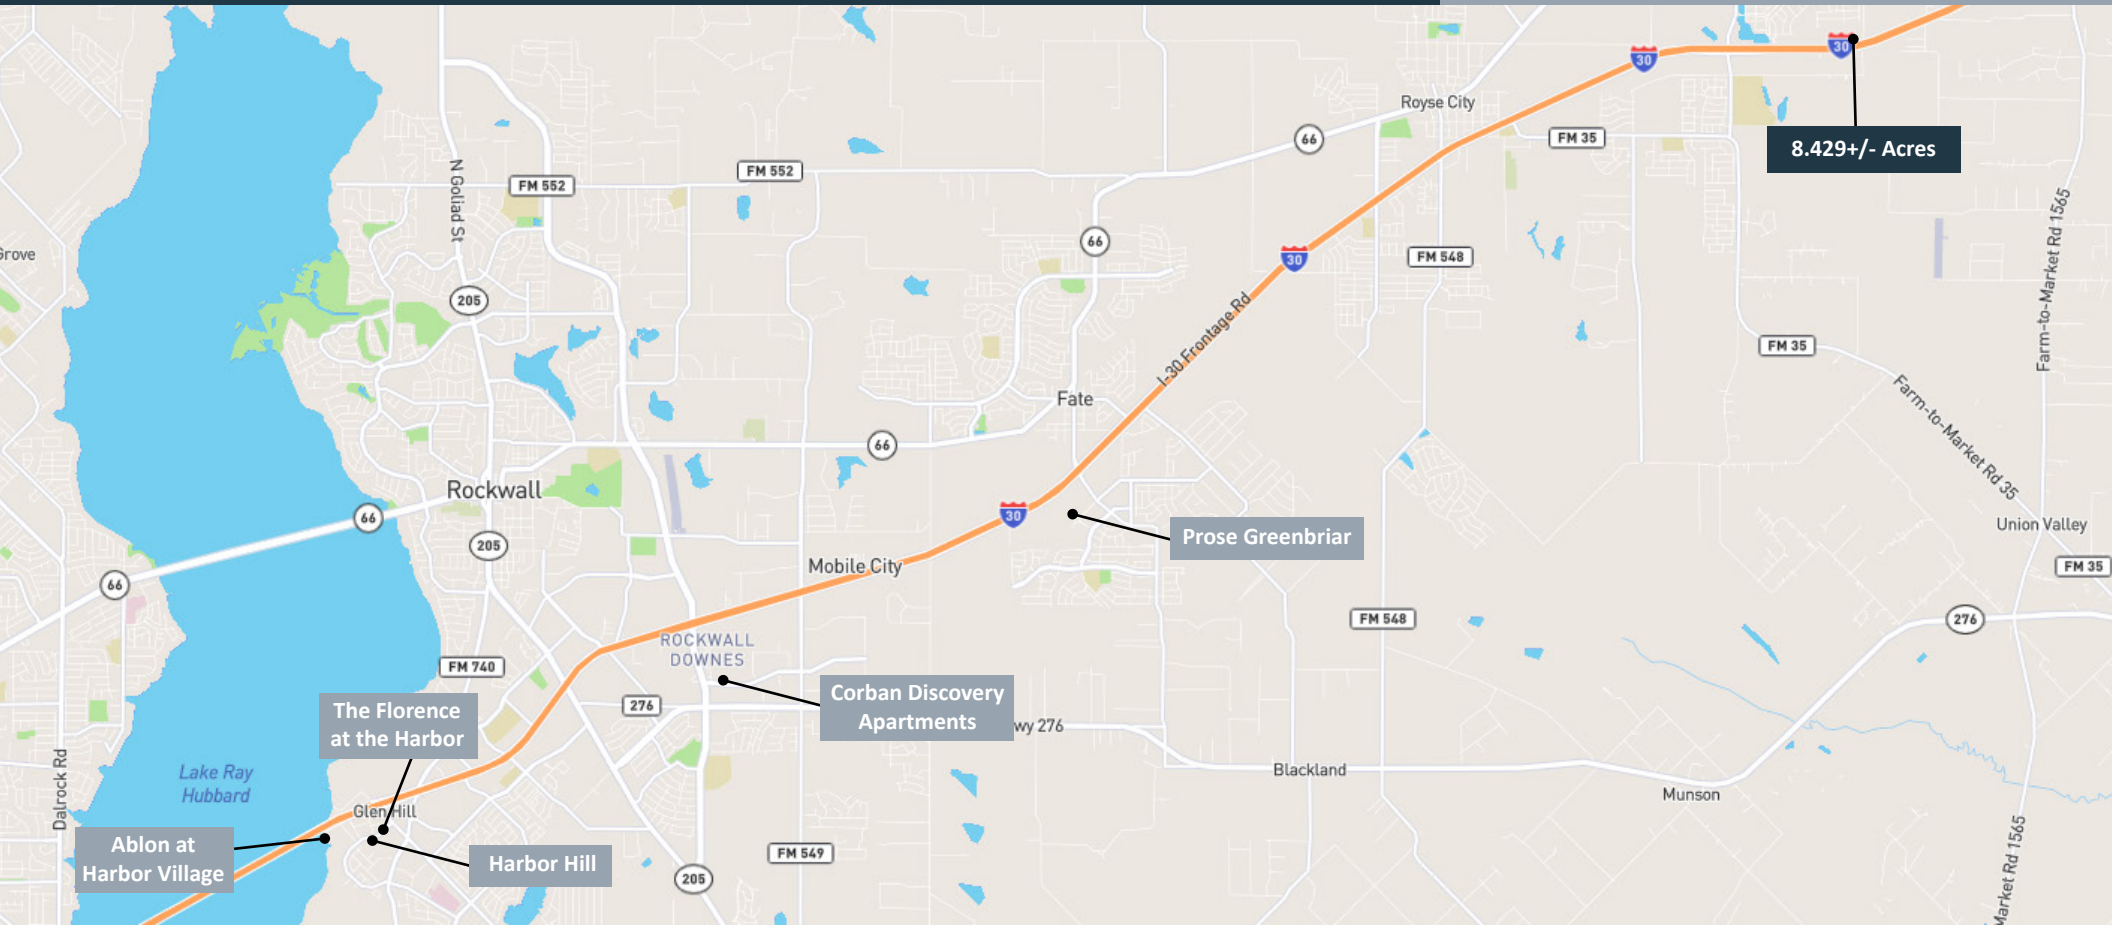

- Royse City’s population has grown an extraordinary 137% since the 2020 Census, reaching an estimated 32,702 residents in 2026 at a current annual growth rate of nearly 11% per World Population Review — making it one of the fastest-growing cities in the entire United States and generating an urgent, undersupplied demand for quality multifamily housing.
- The median household income in Royse City stands at \$116,660 as of 2024, with a median age of just 32.8 years (Source: U.S. Census Bureau / Texas Demographics, 2024) — a young, dual-income demographic profile that represents the prime renter cohort for market-rate multifamily development, with strong purchasing power and high lifestyle expectations.

**AS AGENT FOR OWNER (SELLER/LANDLORD):** The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

**AS AGENT FOR BUYER/TENANT:** The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

**AS AGENT FOR BOTH – INTERMEDIARY:** To act as an intermediary between the parties the broker must first obtain the written agreement of each party to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
  - that the owner will accept a price less than the written asking price;
  - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
  - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

**AS SUBAGENT:** A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

### TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.
