# BUILDING UPGRADES

The upgrades include installation of new ceramic tile flooring in the lobby, wood ceiling installation in the lobby, inset walk off mats, wall covering, furniture and artwork in the lobby, lighting and flooring in the elevators, paint in the stairwells and loading dock hallway. New patio furniture and benches.

UV lights in the air handler units and HEPA filters have been installed as a preventative measure to help reduce any potential infectious agents in the HVAC system and help improve air flow and quality.

Benefits of installing UV include:

- Reduce illnesses and allergies – disease prevention
- Eliminate odors
- Improve Airflow
- Improve HVAC efficiency

Common area and restroom upgrades to 1st and 2nd floor corridors.

Modernization of elevator cabs to match lobby and common area improvements.
