Sec. 10-258. CP Commercial Parkway District

The following applies to CP Commercial Parkway District:

PERMITTED USES		
1. District Intent	2. Principal Uses	3. Accessory Uses
<p>The CP district is intended to be located in areas designated Suburban on the future land use map of the comprehensive plan and shall apply to areas exhibiting an existing development pattern of office, general commercial, community facilities, and intensive automotive commercial development abutting urban area arterial roadways with high traffic volumes. The CP district is most suitable for those areas outside of the Multimodal Transportation District (MMTD) as described in the comprehensive plan. Additional CP inside the MMTD may only be designated when the existing land use pattern is mostly comprised of single use developments with suburban character as described in the Suburban Future Land Use Category. The CP district is characterized by a linear pattern of development. Residential development up to a maximum of 16 dwelling units per acre is permitted. There is no minimum gross density for residential when developed in conjunction with non-residential land uses. However, for all other residential developments, a minimum gross density of 6 dwelling units per acre shall be required, unless constraints of concurrency or preservation and/or conservation features preclude the attainment of the minimum densities. The access management standards set forth in for the CP district addressing limitations placed on access are intended to minimize and control ingress and egress to arterial roadways and to promote smooth and safe traffic</p>	<ul style="list-style-type: none"> (1) Antique shops. the city attorney. Exemptions to and deviations from the interconnection requirements of this section shall be approved by the parking standards committee.

8. *Street Vehicular Access Restrictions:* Properties in the CP zoning district may have vehicular access to any type of street. However, in order to protect residential areas and neighborhoods from nonresidential traffic, vehicular access to a local street is prohibited if one of the following zoning districts is located on the other side of the local street directly across from where the vehicular access point is proposed: RA, R-1, R-2, R-3, R-4, R-5, MH, MR-1, RP-1, RP-2, RP-MH, RP-UF, and RP-R.

9. *Noise Source Restrictions:* In the event that a property zoned CP abuts a residential property, the noise source of the CP zoned property shall not exceed at L10 noise level of 60 dBA in the daytime (7:00 a.m. to 10:00 p.m.) and an L10 noise level of 50 dBA in the night time (10:00 p.m. to 7:00 a.m.) as measured on the property line abutting the source.

10. *Lighting Standards:* In the event that a property zoned CP abuts a residential property, the night time lighting of the CP zoned property shall meet the following standards: night time lighting shall not exceed 0.5 vertical surface foot candle measured at the property line six feet above grade. Lighting standards shall not exceed 20 feet in height and shall have recessed bulbs and filters which conceal the source of illumination. No wall or roof mounted flood-lights or spot-lights used as general grounds lighting are permitted. Security lighting is permitted.

11. *Additional Criteria for Pet Day Care Centers:* Outside boarding and unsupervised outside activity are prohibited. Hours of operation for pet day care centers shall be 6:00 a.m. to 9:00 p.m.

12. *Additional Criteria for Charitable Donation Stations:* Such station shall have indoor storage for all donations, and shall have an attendant available during normal business hours responsible for the collection and/or storage of said donations. A "charitable donation station" is considered a community service/facility regulated by section 10-413 of this Code.

General Notes:

1. If central sanitary sewer is not available, residential development is limited to a minimum of 0.50 acre lots and nonresidential development is limited to a maximum of 2,500 square feet of building area. Community service facilities are limited to a maximum of 5,000 square feet of building area or a 500-gallon septic tank. Also, refer to sanitary sewer policy 2.1.12 of the comprehensive plan for additional requirements.
2. Refer to chapter 5, pertaining to environmental management, for information pertaining to the regulation of environmental features (preservation/conservation features), stormwater management requirements, etc.
3. Refer to chapter 4, pertaining to concurrency management, for information pertaining to the availability of capacity for certain public facilities (roads, parks, etc.).
4. For cluster development standards, refer to section 10-426.
