This space in West Evanston is unique! High ceilings and clearstory windows fill the space with natural light. Possible uses include light manufacturing, assembly, office, institutional, and training. The mezzanine office space is also full of natural light with windows on all four sides! Located on Dempster Street just west of Dodge Avenue, the space is easily accessible by car or truck, and convenient to public transit (Pace Bus, CTA, and Metra), I-94 and O'Hare International Airport. The space has an 800-amp electrical service, and a dedicated water main is available for the space. Loading docks and grade-level street access accommodate numerous possible uses for the space.

(Zoning Ordinance Sections 6-14-1, 6-14-2, 6-14-3, 6-14-4)
Updated September 2022

*See Title 6, Chapter 14 of the Evanston Code of Ordinances for more information, definitions, additional requirements and exceptions to these regulations. A Zoning Analysis is strongly recommended for major projects prior to submitting an application for building permits.

PURPOSE STATEMENTS

I1 General Industrial District

To provide an environment for business, office, and general light industrial uses, while minimizing the impact of such activities on adjacent residential neighborhoods through good site planning and design, including landscape buffer yards.

To accommodate warehousing, office, light fabrication, assembly, storage activities, and combinations thereof, as well as commercial uses related to industrial and office uses.

A primary goal of the I1 district is to provide for expansion of incubator businesses originating in the research park district.

I2 General Industrial District

To provide sites for light manufacturing and light industrial uses under controls that minimize any adverse effects on property in nearby residential, business, and commercial districts.

I3 General Industrial District

To provide sites for manufacturing and industrial uses under controls that minimize adverse effects on property in nearby residential, business, and commercial districts.
