

ACQUISITION OVERVIEW

Stamper Sheet Metal, Inc is a metal fabrication company that creates its products in a 6300 SF warehouse located at 357 Bud Kanoy Road in Thomasville, NC.

Stamper possesses the necessary tools, equipment, and vehicles to create metal products or structures by cutting, shearing, punching, notching, stamping, folding, machining, bending, welding, and assembling raw metal materials.

The lucky company/person that acquires Stamper Sheet Metal will receive a package of business assets which includes the available Real Property (Warehouse and Land), as well as the listed Personal Property which includes equipment, trucks, forklifts, all raw material on the property, furniture and the customer list including contact information.
