

Economic Growth in Waller

Investing in the Future of Waller

Welcome to Waller

Opportunity & Growth

Waller has undergone a remarkable transformation from a quiet rural outpost to a thriving center of economic growth and opportunity. Over the next 5-7 years, the area is expected to see the addition of 50,000+ new rooftops, positioning Waller County to double its population by 2035. This explosive residential growth highlights the county's appeal as a prime destination for families, professionals, and investors. Waller is also projected to experience a 34.8% increase in job growth over the next decade, outpacing the U.S. average of 33.5%. Its strategic location along major transportation corridors, including U.S. Route 290 and Interstate 10, combined with its proximity to Houston, makes Waller an accessible and attractive destination for businesses, commuters, and residents alike. As development continues, Waller is set to become one of Texas's most dynamic and promising communities.
