WELCOME TO THE CITY OF STRONGSVILLE

Strongsville Economic Development Department is dedicated to creating a business-friendly environment that encourages development and redevelopment of its industrial and commercial districts and focuses on retaining and expanding existing businesses. The city's business community with a proactive approach designed to retain, assist, and attract businesses of all sizes. This approach has resulted in a diverse and successful high-tech/manufacturing base consisting of four business parks, positioned on over 2,000 acres of land. Nearly two hundred businesses, attracted by Strongsville's strategic location, local resources, incentive packages, local officials, and superior amenities, have populated the land within and surrounding the business parks.

Strongsville has grown in recent years from an agriculture-based village into a thriving city of 45,000 residents with a productive and diverse industrial and commercial base.

Mayor Tom Perciak and Economic Development Director Brent Painter work every day to help local firms find appropriate development sites for expansion and to facilitate access to economic incentives for quality job creation and tax base enhancement.
