AUTO Mall

3255 is located immediately adjacent to the Thousand Oaks Auto Mall. The presence of such a prominent automotive hub in the vicinity offers the convenience of a diverse range of vehicles.

Dealers

Thousand Oaks City, in collaboration with prominent local real estate enthusiasts and developers, envisioned an ambitious blueprint for the rejuvenation of Thousand Oaks and its vicinity.

This vision birthed the SP20 zoning. The essence of this zoning initiative was to infuse the Boulevard with higher density and a medley of functionalities, making it a magnet for businesses and developers alike. Years later, that vision is now a reality with the unveiling of numerous premium mixed-use projects, and several more on the horizon. With around 1,200 projected units spread across 8 distinctive developments, the community is set to experience increased density and footfall. These additions not only elevate already aesthetic appeal of the Thousand Oaks vicinity but also invigorate its flourishing retail sector.

A cornerstone of this bright future is the upcoming „TO Downtown“ centered around the Civic Center hub. Spearheaded by the City, this endeavor aims to establish a pedestrian-friendly downtown corridor, extending from the famed Caruso’s The Lakes to the newly introduced 1710 on the Blvd mixed-use project. Envisaged features include a fire road paralleling Thousand Oaks Blvd, fresh dining and retail spaces, event venues, sprawling park zones, and much more. The future beckons with promise, and Thousand Oaks is poised to answer the call.
