MARKHAM INDUSTRIAL MARKET OVERVIEW

With this property and location ideally positioned for growth, you won't want to miss out on the opportunity to own industrial real estate. Much like the rest of the GTA, limited availability is causing upward pressure on rental rates and increasing industrial values; however, Markham's industrial sector is supported by strong market fundamentals and continues to be in high demand. Citi Block is located on one of the few remaining parcels of land within Markham's prime industrial park. New construction of similar properties will be limited, which protects your investment and delivers appreciation. As the cost to lease continues to rise, be your own landlord and reduce disruptions to your operations while managing operating costs and building equity.

Customize your space and grow your business with confidence knowing that you control your real estate strategy.

ABOUT BEEDIE

Since 1954, Beedie has combined innovation and craftsmanship to bring new possibilities to life. Today, they are one of Canada's largest industrial and residential developers, having completed more than 35 million square feet of new development. Beedie's integrated structure allows them to implement the highest construction and design standards, and their legacy of relationship-building enables the company to deliver projects that drive commercial value. As Beedie grows its operations across North America, they have industrial building opportunities available in British Columbia, Alberta, Ontario, and Las Vegas, Nevada.

Built for today. Built for tomorrow. Built for good.
