PHOENIX, ARIZONA

ALGODÓN

CENTER

THE TEAM

Starting in 1949, John F. Long was an iconic homebuilder in mid-century Phoenix, who pioneered the concept of a family-oriented master-planned community. Today, John F. Long Properties' focus is on its retail and commercial land projects in the West Valley. One of those projects is Algodón Center. The Longs' vision for Algodón Center is to create an employment park that offers companies access to the West Valley's abundance of skilled labor, diverse housing, and rich amenity base. The Longs are committed to developing a first-class business and medical office park where users will appreciate and respect the quality of their surroundings.

As the Preferred Developer of Algodon Center, Novo Development assists prospective tenants through every step of the development process. Having developed in 25 States across the U.S., Novo's project involvement spans all product types including: office; medical, industrial, retail, sports/entertainment, hospitality and student housing. We utilize local relationships, market knowledge and proven industry experience to identify, procure and implement development strategies that create value for our clients. www.novodevelops.com

CBRE Group, Inc., a Fortune 500 and S&P 500 company headquartered in Los Angeles, is the world's largest commercial real estate services and investment firm (based on 2017 revenue). The company has more than 80,000 employees and serves real estate investors and occupiers through approximately 450 offices worldwide.

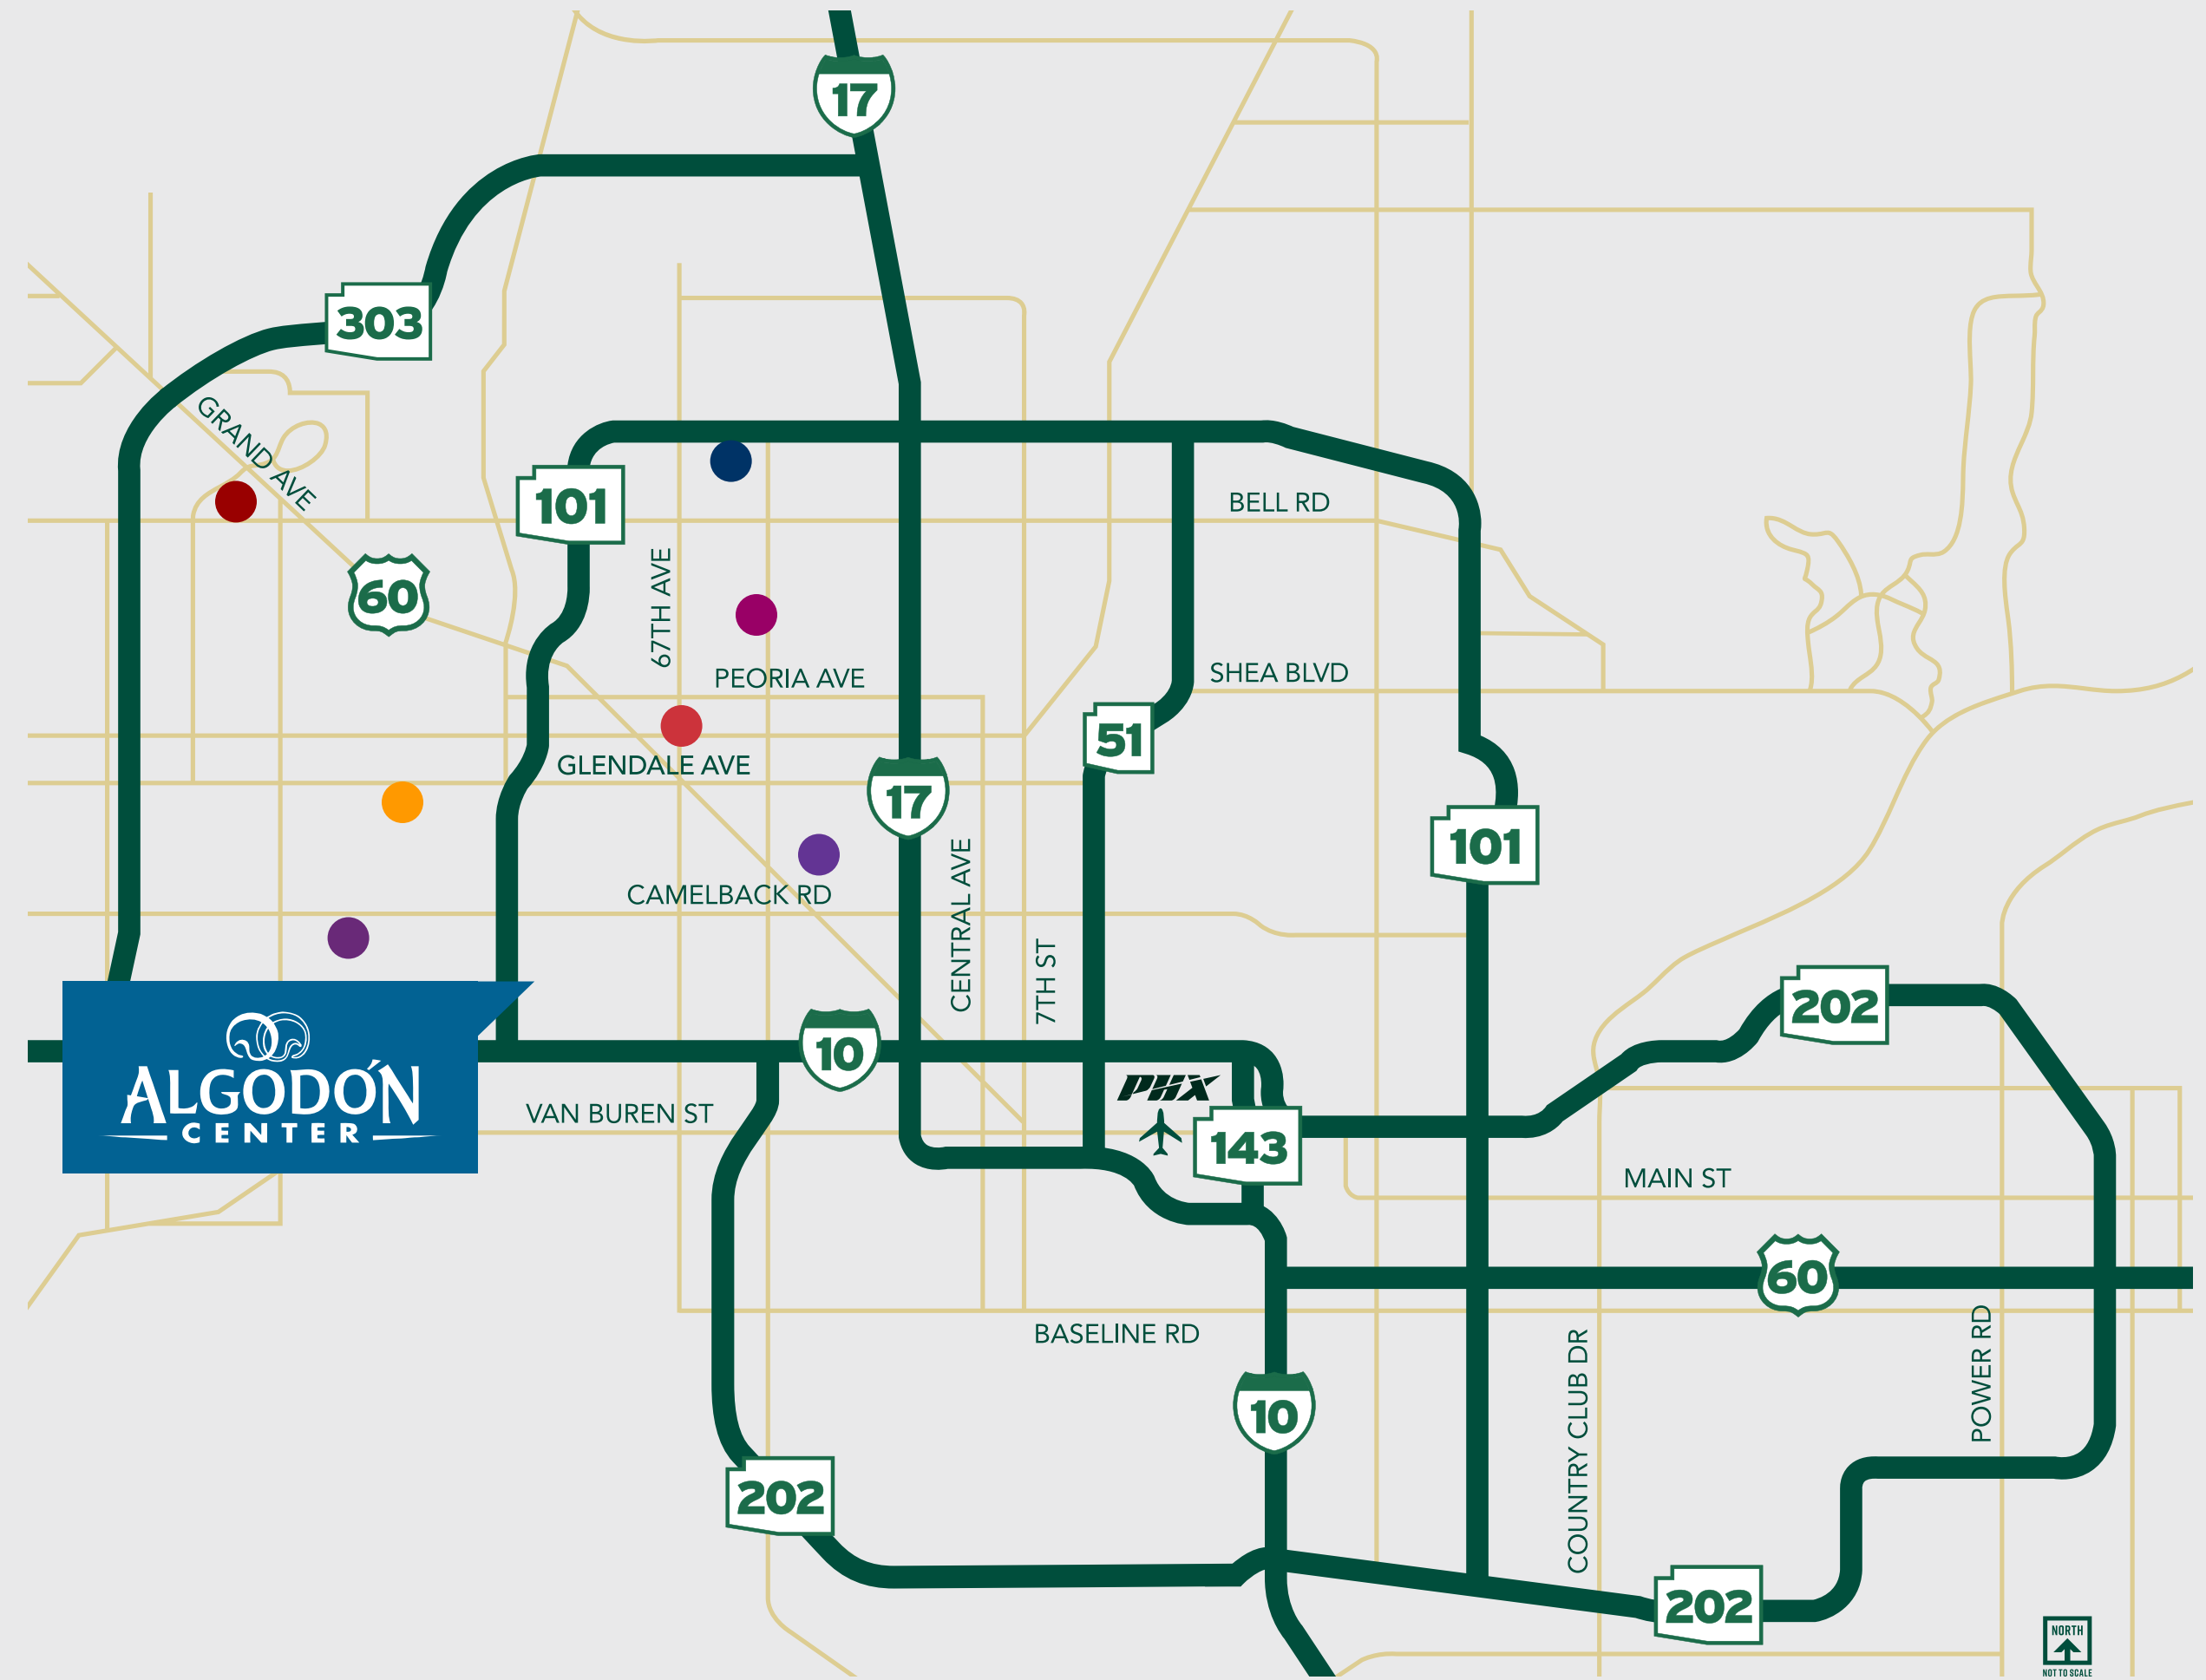

THE LOCATION

Strategically located off the Loop 101/Agua Fria freeway in the City of Phoenix, Algodón Center is a mixed use park powering a pro-growth region where businesses from Fortune 500 to small companies can embrace innovation. The area provides businesses access to highly skilled workforce, exceptional education institutions and a wide variety of amenities for employees, residents and their families in an idyllic setting for success.

DRIVE TIMES

Algodón Center sits at the hub of the West Valley. Two full diamond interchanges to the Loop 101 provide employees easy access to all points of greater Phoenix while employers can benefit from the almost 1.5 million people within a 30 minute drive time. Algodón Center provides for a reverse commute to traditional rush hour traffic patterns giving employees up to an hour less on their work commute and more time to enjoy the quality of life of the West Valley.

/ ALGODÓN CENTER

DEMOGRAPHICS

62% of the West Valley workforce currently commutes to other parts of the region for work.

Who are those commuters?

35% of the region's healthcare professionals

33% of the region's manufacturing talent

32% of the region's business services workers
