High Image Office

Award-winning architecture provides bold, high image office space for the occupants of Executive Place. Designed for modern tech users, the building features a 10' high continuous window line with individual covered tenant entries. The office environment is bright and airy because of 10' finished ceilings and tenant controlled HVAC. The floorplate layout is maximized for executing an efficient workplace strategy.

Oak Brook Access

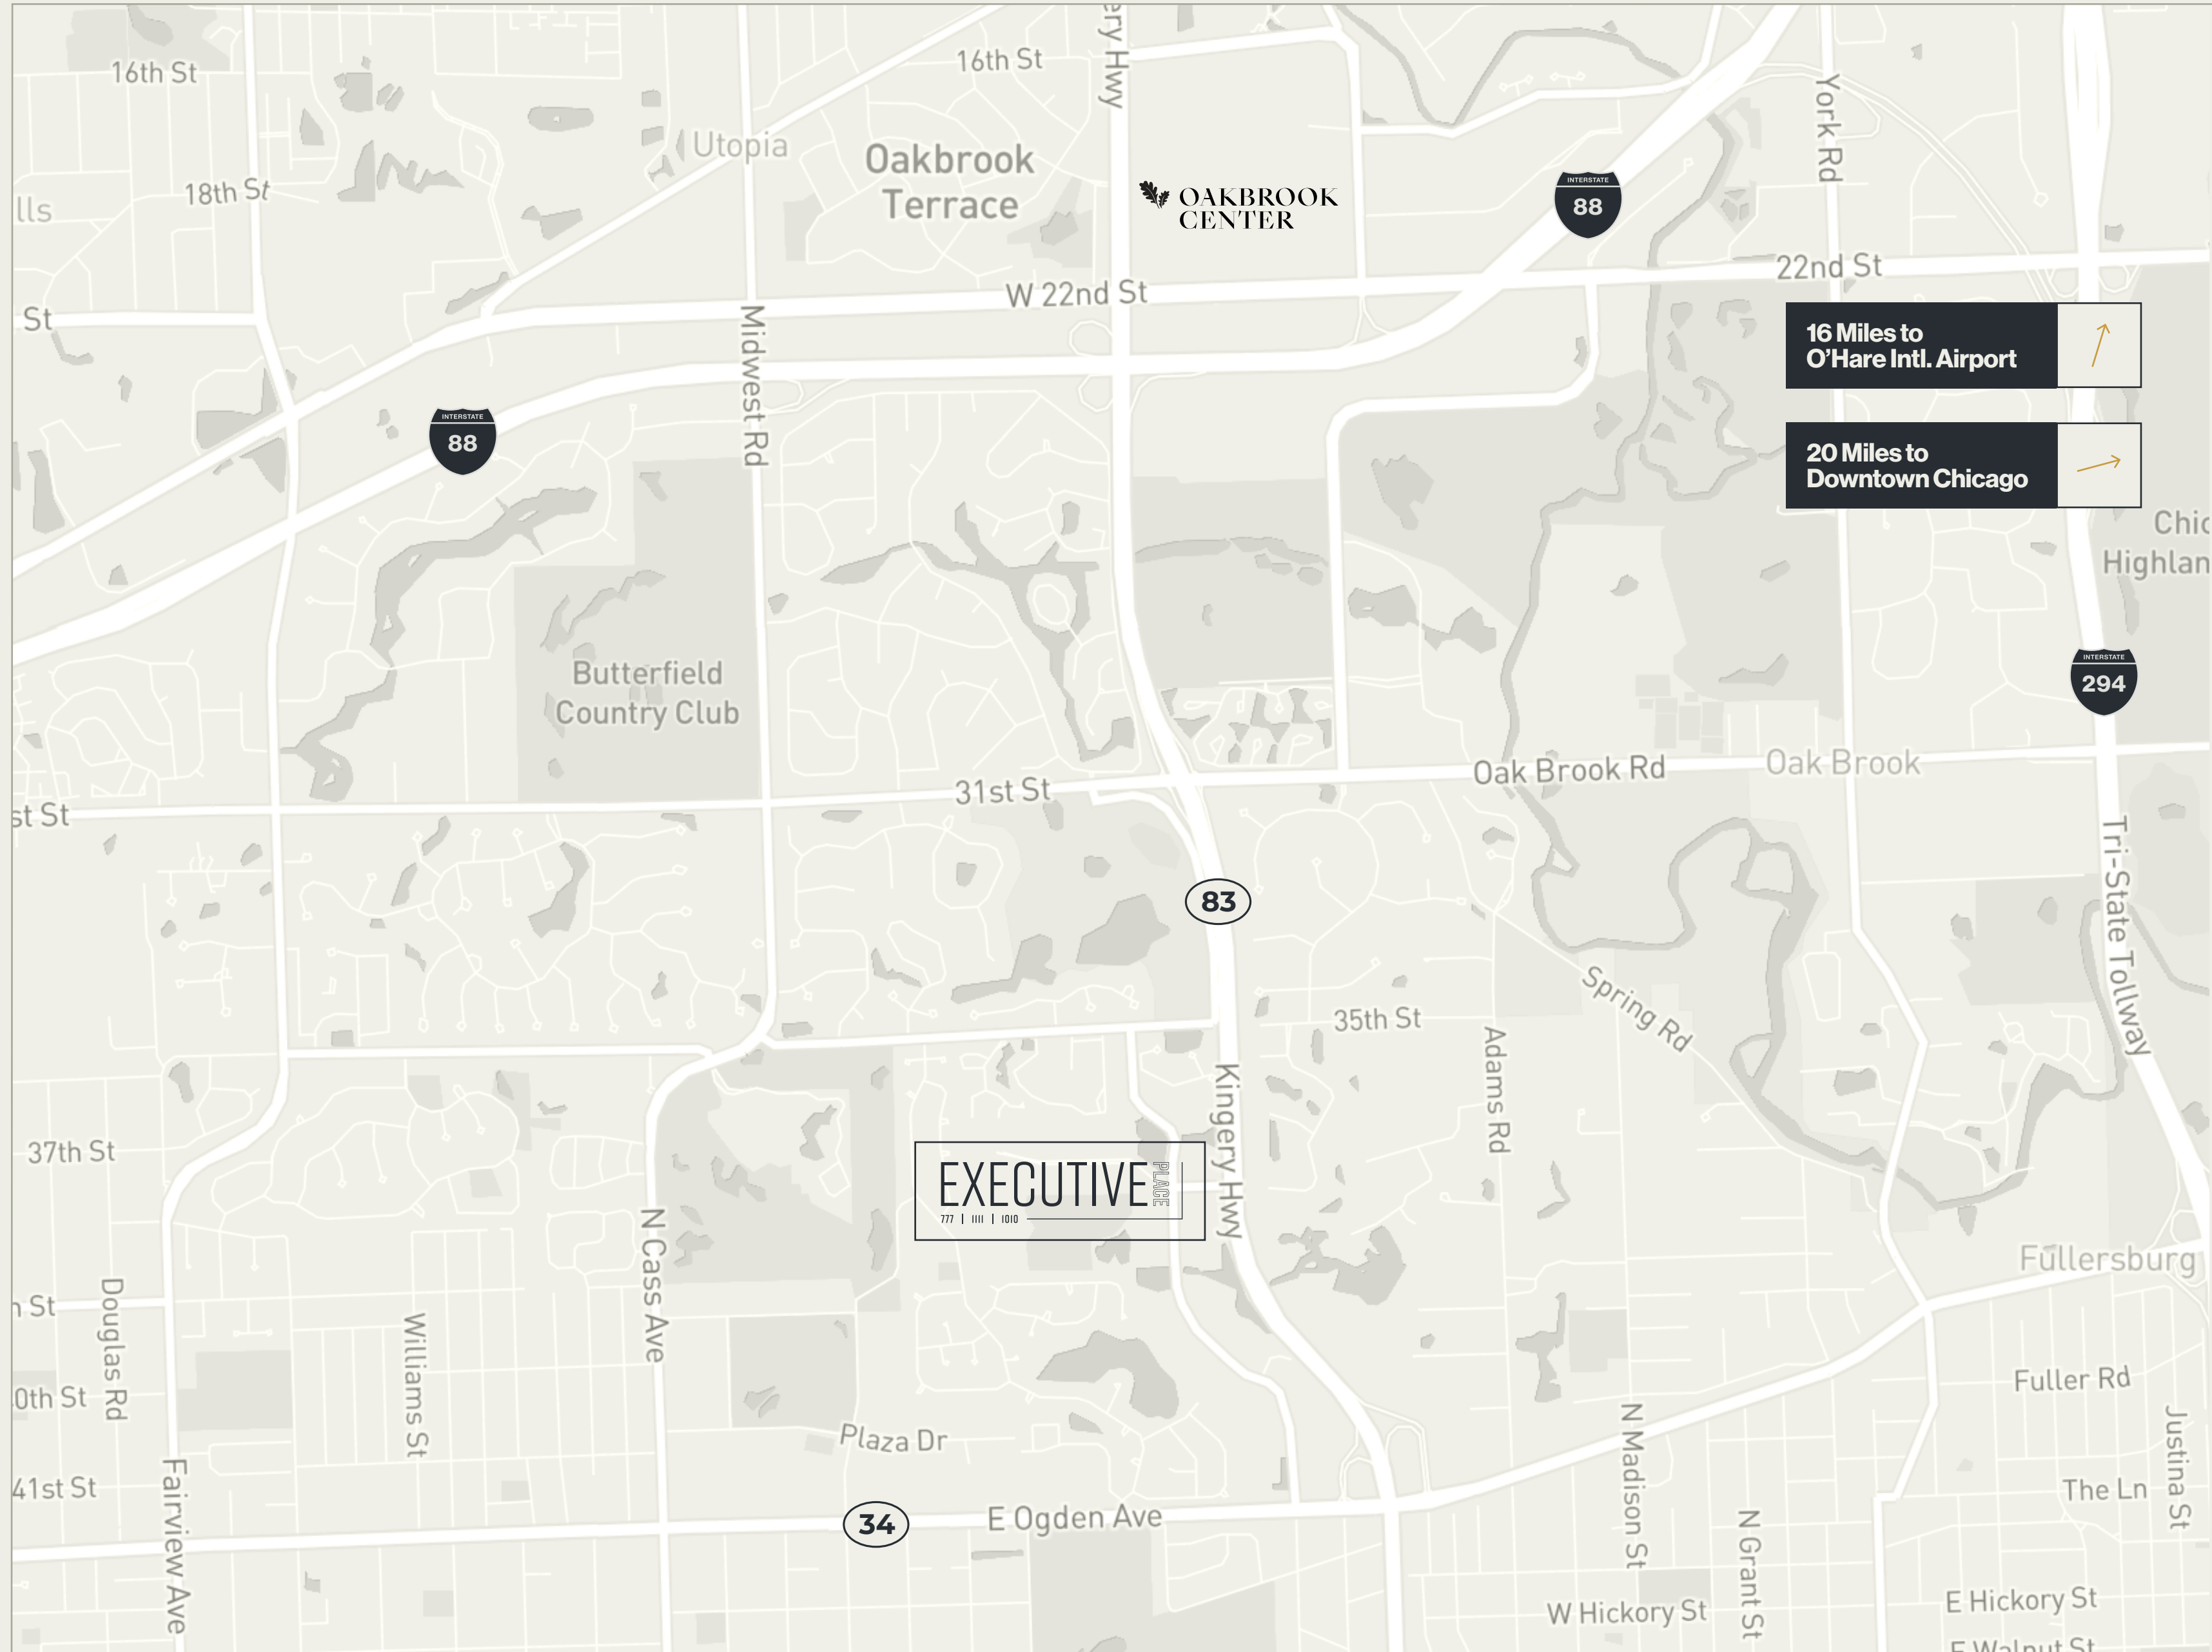

Executive Place is surrounded by a wide variety of amenities. Located just south of Oakbrook Center, great dining, hotels, retail and daycare are plentiful. The location is convenient to major expressways for ease of access in all directions. Multiple options to enter and exit the Oakmont Park keeps things moving. New building signage directs visitors and provides identity to tenants.

Maximum Flexibility

Deliveries to Executive Place are welcomed at a common loading area that can accept semitrailer trucks with a dock high bay. The common dock and staging areas connect to a wide service corridor for access to individual tenant spaces. Service areas can be created within tenant suites with approximately 14' clear ceiling height. This design provides maximum flexibility to meet unique tenant requirements.
