EXECUTIVE SUMMARY

7610 Biscayne Boulevard presents a rare opportunity to acquire a fully built, design-driven hospitality asset in the heart of Miami's MiMo District.

Originally developed as a high-end experiential venue, the property is delivered today as a turnkey platform capable of supporting a private membership club, restaurant, event venue, wellness concept, or hybrid hospitality model.

With approximately 14,000 SF, dramatic ceiling heights, and a fully installed commercial kitchen, the asset eliminates the typical time, cost, and risk associated with development in Miami.

This is an immediate-use opportunity in a corridor where entitlements, construction timelines, and costs continue to escalate.

For investors and operators, the value lies in speed to market, multiple revenue paths, and long-term corridor positioning.

This is not a redevelopment opportunity. This is a fully realized asset ready to operate from day one.
