Mile High Greyhound Park Development (rendering photo):

Mile High Greyhound Park Development: Just 1 block west of the Kearney site- the 65 acres Greyhound Park development, will positively impact the entire area and the Kearney project specifically. Work on the new \$300 million neighborhood, aptly named Greyhound Park Development, began in the fall and will continue over the next few years. The first structure to go was the 223-unit affordable apartment building called The Landing at Greyhound Park as well as single-family houses, townhomes and market-rate apartments. The retail portion of the site will include sit-down restaurants, coffee shops, educational amenities, and much more. A 3-acre park is also planned as a community centerpiece. The city has projected that at completion, Greyhound Park Development will create nearly 1,500 permanent jobs and generate \$65.4 million in income annually. See google map screenshots showing proximity to the Greyhound park development from the Kearney project (3 minutes away), grocery shops like Walmart and King Soopers (3 minutes drive), Soccer field/ Dick's Sporting Goods Park/ Pioneer Park & Paradise Island City's Outdoor Game-themed Leisure Pool- 2 acres and one of it's kind (3 minutes away).

Additionally, the project will directly benefit from the City's infrastructure investments currently underway, including parks, trails, and roadway improvements. Current market vacancy is minimal, with projections indicating steady operating performance.

MARKET SUMMARY / AREA OVERVIEW

The City of Commerce City is a home rule municipality located in Adams County, Colorado. It is the 18th most populous municipality in Colorado, situated north of Denver. Commerce City is a part of the Denver–Aurora–Lakewood, CO Metropolitan Statistical Area and the Front Range Urban Corridor, exhibiting a mixed residential and industrial community character. It is notable for an oil refinery with a capacity of 90,000 barrels per day, operated by Suncor. The housing stock in Commerce City is varied, comprising primarily of single-family homes, townhouses, and condos/coops.

Commerce City offers a growing retail and business environment. It features a mix of local businesses and entrepreneurs alongside national headquarters and larger companies (over 1,300 companies call Commerce City home). Retail, hospitality, and leisure are recognized growth sectors. Commercial activity includes grocery stores, restaurants, beauty salons, auto repair, and a variety of service-oriented businesses. Notable examples include Les Schwab Tire Center and various local dining spots. New businesses are continuously being added, reflecting a dynamic commercial landscape. Recreational opportunities are abundant in Commerce City. It is home to Dick's Sporting Goods Park, a major soccer stadium that hosts the Colorado Rapids of Major League Soccer. The city also boasts the nation's largest urban wildlife refuge, the Rocky Mountain Arsenal National Wildlife Refuge, where visitors can spot diverse wildlife such as bison, owls, bald eagles, and mule deer. Commerce City residents enjoy access to 840 acres of open space.

Commerce City, Colorado offers a compelling setting for multifamily development because it sits at the nexus of regional mobility and job growth. **The city is ringed by major corridors—I-70, I-270, I-76, US-85, CO-2, and E-470—linking residents to Denver, Boulder, and the broader Front Range, while carrying substantial commuter and freight traffic that underpins local logistics employment.** It is also near one of the nation's busiest airports: Denver International is roughly 14 miles away in a straight line (about 21 miles driving), expanding access to jobs and travel for residents. Population growth has been robust: the city increased by more than 36% from 2010–2020 and has continued to grow since, with an estimated 68,000+ residents in 2023—evidence of sustained housing demand within the Denver metro. Local planning frameworks also support orderly growth; Commerce City's comprehensive plan guides land use, annexation areas, and long-term development decisions, providing predictability for multifamily entitlements and investment.
