How The Lease Option Works — In Plain English

1. Lease it	Sign a 2-year NNN lease at \$10,000/month and take possession immediately.
2. Lock the price	The purchase option fixes today's price — \$2,350,000 — for the full two years. Whatever value you create in the meantime, the price does not move.
3. Create value	Use the term to entitle a residential/mixed-use project — and sublease the existing building and yard while you do (with Lessor consent; no uses with environmental impact) — or establish and grow your own business on site.
4. Close when ready	Exercise the option during the lease term and close — pairing the purchase with construction financing or owner-user financing, arranged on your timeline.

Summary Of Lease-Option Terms

Structure	Two-year NNN lease with a fixed-price purchase option
Monthly Rent	\$10,000 per month, NNN (tenant pays taxes, insurance & maintenance)
Option Price	\$2,350,000 — fixed for the full term

Offering Summary, Cont.

2 WAYS TO WIN – BUYER PROFILES

PATH 1 — DEVELOPER: ENTITLE, THEN BUY

- Control the site for \$10K/month while you entitle apartments — no land loan, no equity outlay.
- Sublease the existing building while entitling (with Lessor consent) — cut your net carry roughly in half.
- Entitlement value you create accrues to you — the price is already fixed.

PATH 2 — OWNER/USER: OCCUPY, THEN OWN

- Move your business in now; buy the property in 2028 at a price you already know.
- Two years to prove the location before committing capital — option, not obligation.
- Owner-occupant financing at exercise — SBA-style low down payments after two years in occupancy.

Subleasing & Due Diligence

Subleasing: permitted with Lessor consent — designed for a developer offsetting carry during entitlement; uses with environmental impact are excluded.

Available upon request: Phase I ESA (Aug 2025), Phase II subsurface soil report (Sep 2025), hoist-removal closure report (Feb 2026), preliminary title report, topographic survey, floor plan, and land use survey.

AUD POTENTIAL

Potential Development Opportunity Under the City's Average Unit Density (AUD) Incentive Program

THE AMERICAN RIVIERA

Symbolizing the ultimate in casual California lifestyle, Santa Barbara is undoubtedly one of America's most desirable destinations to live and travel.

Located on a pristine coastline approximately 337 miles south of San Francisco and 93 miles north of Los Angeles, Santa Barbara is nestled between the Pacific Ocean and the Santa Ynez Mountains. This stretch of coast is known as the "American Riviera" because of its mild Mediterranean climate.

With a population of approximately 87,533, Santa Barbara is both small and vibrant. Locals and visitors are drawn to the city's charming downtown and picturesque State Street with its rich Spanish architecture and historical sites, wide variety of shops and galleries, numerous Zagat-rated restaurants and thriving open-air shopping centers like the famed Paseo Nuevo Mall. Pristine, sunny beaches, an expansive harbor and countless outdoor attractions including the Santa Barbara Zoo, Santa Barbara Mission, Stearns Wharf and Santa Barbara Museum of Natural History all add to the area's appeal. And with nearly 220 vineyards within a short drive, Santa Barbara County is a renowned wine region offering an array of some of the finest labels in the world.
