WELLS FARGO

The Crown Jewel of Utah's Suburbs

📍 Millrock Drive, Salt Lake City, Utah, 84121

This one of a kind project boasts fantastic views from nearly every suite in every building. To the east, there is an unobstructed view of the mountains and to the north, south, and west, unobstructed views of the Salt Lake Valley.

The property is just minutes away from four world class ski resorts while also being adjacent to one of the state's best public golf courses and surrounded by the state's finest residential neighborhoods. This location is indisputably one of the most desirable spots for work, play and living in the Intermountain West.

KBS purchased the asset in 2014 and continues to make improvements to the project by adding a state-of-the-art 10,000 square foot business lounge and fitness center in 2018. The added amenities also includes a large outdoor patio area where tenants can congregate for social gatherings after a long day at work or even to host a company party with the stunning Wasatch Mountains as your backdrop. All four of the building's lobbies were renovated including a complete redesign of the North Building's entry way. An abundance of glass, stone, tile and wood treatments were added to bring a brightness to the buildings as you enter the properties.
