CINCINNATI

Cincinnati, or the “Queen City,” was founded in 1788. It is the third largest city in Ohio and the 28th largest city in the United States. The Greater Cincinnati region encompasses a 15-county area, where Ohio, Kentucky, and Indiana meet. The metropolitan population is just over 2.15 million people. Cincinnati has a low cost of doing business and living. It is also home to the headquarters of several major corporations. This includes: Proctor & Gamble, The Kroger Company, Cintas, American Financial Group, Inc., Fifth Third Bank, Western & Southern Financial Group, The E.W. Scripps Company, and Cincinnati Bell.

Greater Cincinnati is one of the most strategically located metropolitan regions in the United States for access by manufacturing and service industries. Air, highway, river, and rail transportation give Cincinnati ready access within 600 miles of 53% of the nation’s manufacturing establishments and 57% of the nation’s value added by manufacturing. Three interstate highway systems (I-75, I-74, and I-71) and two interstate connectors (I-275 and I-471) serve the Cincinnati region and provide access to all geographic directions.

The accessibility combined with Cincinnati’s top-ranked business climate has made it a choice location for businesses small and large.
