

east village

110 S. HARTFORD AVE.
SUITE 100
TULSA, OK

welcome to the sunny side of downtown

The East Village district is one of the newest and most attractive neighborhoods in all of downtown Tulsa. East Village was born in 2013 with the launch of the popular craft coffee & cocktail bar, Hodges Bend. Since its inception, the neighborhood has become home to many popular restaurants, bars, retail shops and businesses of all kinds.

The Hartford Building, built in 1950, was originally the home office for the City of Tulsa, before moving in 2008. The 74,000 square foot building was revitalized in 2018 with a \$7 million renovation. We opened our very first location on the second floor in October 2019, and have since expanded to the first floor of the Hartford Building, with a total of 25,000 square feet. Our two floors of coworking include everything from shared space and dedicated desks to small and midsize private offices, and team suites.

enjoy it all
