LOCATION HIGHLIGHTS

CHANDLER, AZ AT A GLANCE

Continuous influx of highly
qualified graduates from area
colleges and universities

Top industries: aerospace, bioscience,
financial services, high end technology,
semiconductor and advance manufacturing

INDUSTRIAL UNBOXED

Development strategies for industrial users which deliver unrivaled efficiency and workplace strategizes.

DESIGN FOCUSED

Unmatched building amenities boosting employee productivity.

In today's competitive environment, operators need to differentiate themselves with efficient building and amenity design that delivers not only an aesthetically pleasing concept, but also a highly functional overall site configuration.

LOCATIONALLY DRIVEN

Site selections driven by infill locations in heavy employment corridors.

In-demand locations create high barriers to entry for buyers and developers, thus requiring a creative solution to source and acquire these opportunities. GO Industrial provides logistics solutions for businesses feeding the demand of these growing populations.

RAISING STANDARDS

Delivering a new level of Class A product to an evolving market.

Our buildings are constructed to support e-commerce and logistic uses with industry-leading clear heights, expandable power, fully insulated and air-conditioning ready. To support building longevity and reduce operating expenses, building slabs, truck courts and roof systems are thoughtfully engineered and constructed. Our spec office improvements allow for near immediate tenant occupancy and break the mold of the dated warehouse office environment, offering higher end finishes, open workplaces and health focused workout and break areas.
