KYLE TEXAS

Poised for Economic Growth

Kyle, Texas, is located in Hays County, in the heart of the Texas Innovation Corridor between Austin and San Antonio. This strategic location along Interstate 35 provides easy access to major cities and contributes to its rapid growth and development. Kyle is part of the Austin-Round Rock-San Marcos Metropolitan Statistical Area (MSA), making it an integral component of the greater Austin region.

The City of Kyle is the nation's third fastest-growing city. The population has seen substantial growth from around 5,000 residents in 2000 to over 62,500 in 2023. This expansion is driven by the city's appeal to both families and businesses. The median age in Kyle is approximately 31 years, reflecting a relatively young community. The city's demographic profile is diverse, and it is poised to become the largest city in Hays County.

Economic Development

Kyle's economy benefits from its proximity to Austin, attracting businesses and industries seeking access to the vibrant economic environment of the Austin MSA. Major employers in the area include healthcare providers, educational institutions, and retail centers. The city promotes economic growth through various incentives and infrastructure improvements, making it an attractive destination for both startups and established businesses. NEW DEVELOPMENTS

PROJECT TWO STEP MIXED-USE

The city of Kyle is eyeing a 45.2 acre mixed-use development for the east side of Kyle.

The project, dubbed Project Two Step, would be located on the east side of I-35 and FM 150 E. The developer is Capella, an Austin-based commercial real estate and development firm. The proposed mixed use development would have a variety of amenities, including: pickleball courts, amphitheater, fountains, interactive pond with paddleboarding, canoes, parking garage, dog park, trail passage, public art, murals, and statues. According to Capella's presentation, 14.6 acres facing the highway will have townhomes, restaurants and retail, office space, a hotel, a residential flat, and two small ponds. The remaining 30.6 acres on the east side of FM 150 will be for a "high-end" multifamily project featuring retail, a beer garden and rooftop.

VYBE PARK MIXED-USE DEVELOPMENT

A 101-acre project from Houston-based NewQuest Properties that is billed as a new "lifestyle center" for Kyle has secured an estimated \$41 million in incentives to aid with the \$250 million development of approximately 450,000 square feet of retail space on 72 acres, and a total of 426 one-, two- or three-bedroom units. The company on Dec. 19 received final approval for a slew of agreements from both Kyle City Council and Hays County Commissioners Court for the "Vybe Park" project located on the east side of Interstate 35 on Bebee Road. Back in August, Newquest — operating legally as Home Asset Inc. — provided the first details of the project, which is set to include space for big box retailers, restaurants, multifamily living, communal gathering and more. The company and city of Kyle have since been working on a number of agreements to move the project forward, including a development agreement, land annexation and zoning, establishment of a tax increment zone and incentives.

NEW DEVELOPMENTS

ST. DAVID'S HOSPITAL MIXED-USE PROJECT

The long-anticipated St. David's HealthCare hospital in Kyle is planned as part of a 155-acre mixed-use project that could include a hotel and conference center, a swath of retail and office space and nearly 2,000 residential units. St. David's officials previously said they signed a letter of intent for a 65-acre tract, where the company plans to initially build a 160,000-square-foot, full-service acute care hospital. Details could shift once the land is purchased, but plans call for a 24-hour emergency department, inpatient and outpatient surgery, critical care capabilities, robotic services and maternity and newborn services. It's expected to create about 200 full-time jobs and was said to be a capital investment of \$300 million.

TESLA MAJOR EXPANSION IN KYLE, TX

Tesla is expanding into Hays County, according to Kyle Mayor Travis Mitchell, who made the announcement Tuesday afternoon during his State of the City address. The Austin-based electric vehicle manufacturer plans to lease three warehouses along Interstate 35 in Kyle and could rent more later on. The buildings will be located in the new 1.4 million-square-foot Kyle/35 Logistics Park development near Logistics Drive and South Goforth Road. Mayor Mitchell said Tesla will use the space for storage and light assembly. Tesla will take over nearly 1 million square feet in the development and could eventually lease the entire park. Located about 35 miles away from Tesla's Gigafactory in southeast Travis County.

DISCLAIMER

The information contained in the following Marketing Brochure is proprietary and strictly confidential. It is intended to be reviewed only by the party receiving it from Marcus & Millichap and should not be made available to any other person or entity without the written consent of Marcus & Millichap. This Marketing Brochure has been prepared to provide summary, unverified information to prospective purchasers, and to establish only a preliminary level of interest in the subject property. The information contained herein is not a substitute for a thorough due diligence investigation. Marcus & Millichap has not made any investigation, and makes no warranty or representation, with respect to the income or expenses for the subject property, the future projected financial performance of the property, the size and square footage of the property and improvements, the presence or absence of contaminating substances, PCB's or asbestos, the compliance with State and Federal regulations, the physical condition of the improvements thereon, or the financial condition or business prospects of any tenant, or any tenant's plans or intentions to continue its occupancy of the subject property. The information contained in this Marketing Brochure has been obtained from sources we believe to be reliable; however, Marcus & Millichap has not verified, and will not verify, any of the information contained herein, nor has Marcus & Millichap conducted any investigation regarding these matters and makes no warranty or representation whatsoever regarding the accuracy or completeness of the information provided. All potential buyers must take appropriate measures to verify all of the information set forth herein. Any rent or income information in this offering memorandum, with the exception of actual, historical rent collections, represent good faith projections of potential future rent only, and Marcus & Millichap makes no representations as to whether such rent may actually be attainable. Local, state, and federal laws regarding restrictions on rent increases may make these projections impossible, and Buyer and its advisors should conduct their own investigation to determine whether such rent increases are legally permitted and reasonably attainable.

SPECIAL COVID-19 NOTICE

All potential buyers are strongly advised to take advantage of their opportunities and obligations to conduct thorough due diligence and seek expert opinions as they may deem necessary, especially given the unpredictable changes resulting from the continuing COVID-19 pandemic. Marcus & Millichap has not been retained to perform, and cannot conduct, due diligence on behalf of any prospective purchaser. Marcus & Millichap's principal expertise is in marketing investment properties and acting as intermediaries between buyers and sellers. Marcus & Millichap and its investment professionals cannot and will not act as lawyers, accountants, contractors, or engineers. All potential buyers are admonished and advised to engage other professionals on legal issues, tax, regulatory, financial, and accounting matters, and for questions involving the property's physical condition or financial outlook. Projections and pro forma financial statements are not guarantees and, given the potential volatility created by COVID-19, all potential buyers should be comfortable with and rely solely on their own projections, analyses, and decision-making.)
