# Submarket Information

The Highway 50 corridor in Sacramento is a significant industrial region encompassing the submarkets of Power Inn Rd and Rancho Cordova together totaling just over 47m square feet. It is a highly sought-after region for commerce due to its strategic location and access to major transportation routes. The market offers a diverse range of industrial properties, including warehouses, distribution centers, manufacturing facilities, and R&D spaces. In addition to a thriving business environment the city of Rancho Cordova offers affordable housing options making it an attractive choice for individuals and families looking for more affordable homeownership or rental opportunities. Likewise, the nearby city of Folsom offers executive housing opportunities, strong community, excellent schools, and a variety of outdoor recreation opportunities.

The Mather Advanced Manufacturing Center is located strategically between the Power Inn and Rancho Cordova submarkets and is located on the former Mather AFB campus. The site offers immediate access to UPS and DHL air cargo facilities, and a private aviation FBO (Modern Aviation). California OES (Emergency Services) anchors Mather as the largest occupant, while Sutter Health, The VA, Metro Fire HQ, Vitaliant Labs, and a host of private corporations call Mather home. Two interchanges from Hwy 50, Bradshaw Rd and Mather Blvd allow for excellent to and from the site.

# Regional Information

## SACRAMENTO, CA

---

Located at the confluence of the Sacramento and American Rivers in Northern California, Sacramento is the capital city of California, and the seat of the government of Sacramento County. Sacramento is also the cultural and economic core of the Sacramento metropolitan area, with a population of 2,613,541, making it the fourth-largest in California.

Sacramento is the fastest-growing major city in California, owing to its status as a notable financial center on the West Coast and as a major educational hub, home of California State University, Sacramento and University of California, Davis. Similarly, Sacramento is a major center for the California healthcare industry, including Sutter Health, the world-renowned UC Davis Medical Center, and the UC Davis School of Medicine.

Also notable is Sacramento's tourist destinations including the California Museum, Crocker Art Museum, California State Railroad Museum, California State Capitol Museum, and the Old Sacramento State Historic Park. All reachable through one of Sacramento's four airports: Sacramento International Airport, Executive Airport, Mather Airport and Franklin Field.
