WHERE ARE PARKWOOD 121'S VISITORS COMING FROM?

MASS MOBILE DATA STUDY ON PARKWOOD

Parkwood 121 attracts visitors from all over the DFW Metroplex which increases the true market potential for retailers exponentially. The property is not only appealing to the local customer base in Plano, but also the large amount of people all throughout DFW. To illustrate this, the map uses data sourced from a wide range of mobile apps that shows where visitors of Parkwood 121 are coming from. Therefore, each dot creates an accurate picture of customers that have visited Parkwood 121 in the past 12 months.

This map was created by CBRE's mobile technology platform called Mass Mobile Data (MMD). MMD is anonymous data gathered from the GPS trackers in one's devices. By analyzing the sophisticated mobile data, CBRE is able to paint a picture of any property's customer base.

Chef Thanh of Oishii is a man of few words. Or so it seems from the other side of the sushi bar as I watch him swiftly yet meticulously craft, roll, torch, slice, shred, and garnish raw fish with an eye for detail. He moves with quickness like most sushi chefs I've admired, but he doesn't miss an opportunity to engage with those around him. People flock to this longstanding neighborhood gem not only for the food, but the people behind it.
