## JONESBORO MARKET MAP

Located along Interstate 555, Jonesboro is the retail epicenter of Northeast Arkansas. Despite negative trends of other marketplaces nationwide, Jonesboro is one of only 26 cities in the 363 metropolitan statistical areas in the U.S. that has not only recovered jobs lost from the economy's recent downfall but has added to them!

Jonesboro continues to be the primary bastion of growth and investment. Serving a trade area of over 500,000 people in almost twenty-four counties in Arkansas, Missouri and Tennessee, Jonesboro has steadily grown over 40% in size since 1990 and is estimated to maintain that same or greater level of growth over the next 20 years. With a 363,689 primary trade area population, Jonesboro clearly serves more than its 80,900 residents.

Jonesboro is the home to many large-scale developments, including Jonesboro's E-Commerce Park, The Southern Hills Development, and NEA Baptist's newest \$400 million dollar healthcare facility. This state-of-the-art healthcare 550,000 + SF institution is the largest in Jonesboro with clinical space for more than 120 physicians. This is the single largest investment made by Baptist in any community and the largest health care investment in AR.

## I believe...

In the "I am third" principal - Jesus first, others second, self third.

*"Do nothing out of selfish ambition or conceit, but in humility consider others as more important than yourselves. Everyone should look not to his own interests, but rather to the interests of others." Philippians 2:4*

There is no separation between who we are professionally and who we are with our loved ones. Who you are at home is who you will be at work.

Our team should be faithful, serving spouses and exceptional, engaged parents. I believe in creating loyal, lasting business relationships with clients based on the same principals.

We add real tangible value to the businesses, property owners, and brokers we work for and with.

In over-delivering in our world that is full of over-promising.

Ideas are great, but implementation is key. If you can't execute, nothing happens. I believe in making things happen.
