NORSEMAN

Norseman Apartments is a well maintained 32-unit garden-style community built in 1979 at 1913 Coolidge Road in South Aberdeen, offering all two-bedroom, one-bath homes of approximately 840 square feet. Residents have quick access to US 12, major employers in Aberdeen and Hoquiam, and everyday conveniences near Grays Harbor College, the Bishop Center for Performing Arts, and the John Spellman Library, creating a practical and connected neighborhood setting. The property has received \$654,470 in recent capital improvements, including roof replacements, siding replacements, foundation and framing repairs, and double-pane window replacements, along with various unit interior renovations. Every residence includes in-unit washer and dryer hookups, and with additional renovations there is a straightforward path to higher achievable rents while supporting stable occupancy.

PROPERTY & INVESTMENT HIGHLIGHTS

- **Consistent unit mix:** All 32 homes are spacious two-bedroom, one-bath layouts of approximately 840 square feet.
- **Garden-style layout:** Two-story walk-ups with surface parking in a low-density setting.
- **Significant capital program:** \$654,470 invested across 2024–2025, including roof replacement (May 2024), siding replacement (July 2025), foundation and framing repairs (October 2025), and double-pane window replacements (July 2025).
- **In-unit laundry ready:** Washer and dryer hookups in every unit.
- **Renovated inventory:** A portion of homes have been upgraded with modern finishes including white cabinetry, refreshed surfaces, updated fixtures, ceiling-fan lighting, and new sinks.
- **Building systems:** PVC supply piping and original electrical panels reported as compliant.
- **Large floor plans:** The approximately 840-square-foot two-bedroom homes are larger than many local comparables, supporting stronger rent targets and resident retention.
- **Operational simplicity:** Uniform floor plans, similar systems, and consistent finishes reduce turn costs and speed leasing.

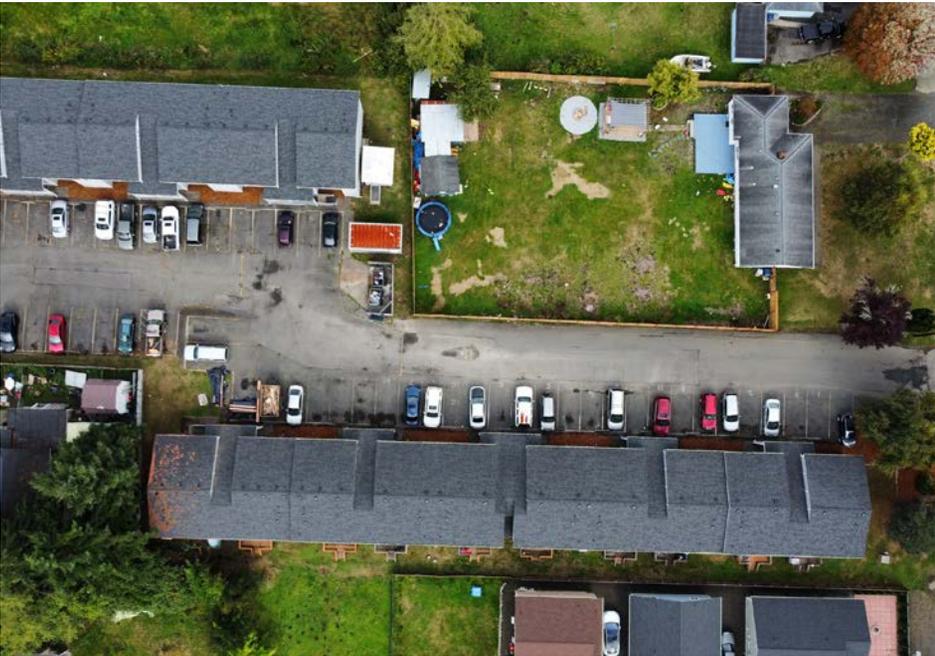

VALUE-ADD POTENTIAL

- **Rent repositioning:** Current average rent of approximately \$1,013 compared with a market target around \$1,345 indicates an estimated increase of about \$330 per unit per month at renewal and turnover with light renovations.
- **Interior program:** Standardize to the renovated condition (updated kitchens and baths, vinyl flooring in living areas). Budget assumption: approximately \$10,000 per unit.
- **Utility recapture:** Implement a utility billing system for water, sewer, and garbage (no current bill-back) to add immediate recurring income.
- **Laundry monetization:** Install washer and dryer appliance packages (rental or purchase options) to capitalize on existing hookups and support rent premiums.
- **Other income implementation:** Introduce or refine pet rent and administrative fees to increase other income.
- **Curb appeal and operations:** Implement low-capital exterior improvements (signage, landscaping, parking lot re-striping) and a structured renewal cadence to support higher achieved rents and reduced vacancy.

ABERDEEN

Located in Grays Harbor County along the southwestern coast of Washington State, Aberdeen serves as a regional hub for commerce, industry, and culture on the Olympic Peninsula. Known as the “Gateway to the Olympic Peninsula,” Aberdeen is strategically positioned at the confluence of the Wishkah and Chehalis Rivers, offering both scenic natural beauty and logistical accessibility via U.S. Route 101 and State Route 12.

Historically a center for the timber and maritime industries, Aberdeen has undergone a gradual economic diversification in recent years. Today, it supports a growing base of small businesses, healthcare providers, educational institutions, and tourism-related services, anchored by nearby attractions such as the Olympic National Forest and Pacific Ocean beaches.

The city's population of approximately 17,000 benefits from a lower cost of living compared to regional urban centers like Olympia and Seattle. Key employment sectors include healthcare, education, retail, and government services, with Grays Harbor Community Hospital and the Aberdeen School District among the top employers. The Port of Grays Harbor also plays a critical role in trade and logistics, supporting economic stability.

Residents enjoy access to outdoor recreation, local parks, waterfront trails, and cultural amenities such as the Aberdeen Museum of History and the historic D&R Theatre. The community is also notable as the hometown of legendary musician Kurt Cobain, adding a unique cultural identity that draws visitors and artists alike.

The city features a mix of residential neighborhoods, historic architecture, and commercial corridors. With ongoing revitalization efforts, including investment in downtown redevelopment and infrastructure, Aberdeen is attracting increased interest from both residents and investors seeking affordable real estate opportunities in a scenic, community-oriented setting.
