San Felasco Tech City

Opened in 2019, **San Felasco Tech City** is an innovative mixed-use development site serving 60+ companies in various sectors, such as start-ups, biomedical, research, labs, offices, retail, industrial and light manufacturing. Based on a “live, work, play” concept, this 82-acre, fully solar-powered community exists in the midst of walking and biking trails, playgrounds, community and meditation center, café, coffee shops, breweries, a preschool and unfettered access to the gorgeous 7,200-acre San Felasco Hammock State Park within walking distance.

30,000± SF in Building E is currently under construction, with an anticipated delivery date of Q2 2025.

San Felasco Tech City

The **San Felasco Tech City** inspiration board includes stilt homes, town houses, Native American architecture, repetitive design and shade.

The site merges into the San Felasco Hammock Preserve, essentially opening the project up to 7,200± acres of nature and 30 miles of bike paths.

San Felasco Tech City

The project affords the wonderfully mixed community of tech and like-minded employees to live, work and play in an inclusive and exciting atmosphere.

The new preschool building allows employees in **San Felasco Tech City** the ease of high quality child care just steps away from work and residents in the Alachua area a brand new childcare option.

- Preschool - ages 6 months to 5 years

San Felasco Tech City

Solar Pathways

Features include solar panels over pedestrian areas, solar roofs and solar trees.

To generate more than 1 megawatt of power that should sustainably cover the community's energy consumption.

City of Alachua

TO Gainesville (7 miles)

Area Overview

Alachua

North of Gainesville, among fields of wildflowers and piney woods is the town of Alachua, Florida. It's a place rarely found this day and age right down to a Main Street that looks like exactly how small-town America should with small family-owned shops and restaurants. It's a healthy dose of nostalgia and Old South charm for sure, but that's not all. While a far cry from Silicon Valley, there are a number of high-tech and manufacturing companies that call Alachua home. Not bad for a town whose name is taken from an Timucua word meaning sinkhole.

San Felasco Tech City

Area Overview Gainesville

Site is located just **12 miles**
from Downtown Gainesville

Gainesville is centrally located (midway between the Gulf of Mexico and the Atlantic Ocean) between the three major Florida cities of Jacksonville, Orlando and Tampa. Situated at the heart of North Central Florida, the city of Gainesville serves as one of Florida's major centers of culture, education, medicine, sports and commerce. Gainesville is home to Florida's largest and oldest university, the University of Florida, as well as Santa Fe College, City College, UF Health and North Florida Regional Medical Center. Gainesville has frequently been recognized as one of the nation's "best cities to live in" due to its unique intersection of urban life with surrounding abundance of natural parks, springs, lakes and untouched landscapes. The climate consists of mild winters and warm summers, with an average of 28,000 hours of sunshine annually. The average high temperature in June is 89°F, while the average high in January is 65°F, and we have a 255-day growing season.
