

Rahn Station Road Light Industrial - Ground Lease

0 Hwy 21, Rincon, GA 31326

FOR LEASE

Property Summary

Property Description

Positioned at the high-traffic signalized intersection of Rahn Station Road and GA Highway 21, this 1.92-acre parcel offers a premier opportunity for commercial or light industrial users seeking maximum visibility and flexible site control. Zoned Light Industrial (I-1), the property supports a wide array of permitted uses including retail pads, drive-thrus, medical clinics, fuel/convenience, logistics, and service-oriented businesses.

Highway 21 is a major arterial corridor connecting Effingham County to Savannah, with daily traffic counts exceeding 22,000 vehicles, making the location ideal for tenants seeking exposure, access, and regional positioning. The immediate area is experiencing strong residential and commercial growth, with nearby national retailers and new subdivisions fueling demand.

The parcel offers approximately 83,635 SF of usable land and will be delivered via Absolute Net (NNN) ground lease. Utilities are available nearby, and site development is open to tenant build-out subject to municipal approvals.

The ownership is seeking a qualified user for a shorter-term ground lease structure, with extension options available for the right tenant. This offering is ideal for operators looking for a high-visibility location without the long-term commitment of a traditional ground lease.

Professional Background

Shane Litts is a licensed Realtor® specializing in commercial real estate in Savannah, Georgia and the surrounding areas, with experience in the industry since 2017. He focuses on a diverse range of asset types, including industrial, retail, office, and multifamily properties and re-development opportunities. A graduate of SUNY ESF at Syracuse University, Shane brings a unique blend of expertise to his clients through both his extensive background in environmental consulting and his experience as a commercial real estate investor. Prior to his real estate career, he spent over 12 years as a Project Manager in the environmental consulting field, where he helped clients navigate complex regulatory landscapes and maintain compliance with federal, state, and local laws.

Shane also has direct experience working with the Georgia Brownfield Program, which offers liability protection and tax incentives for the redevelopment of environmentally impacted properties. His familiarity with the program allows him to guide clients through the process of acquiring and repositioning these sites—unlocking hidden value while mitigating risk. This insight is especially beneficial for investors and developers pursuing industrial or redevelopment-focused projects. As an investor himself, Shane brings an added layer of perspective—understanding the deal from both the broker and ownership sides. He is skilled at identifying opportunities, analyzing risk, and helping clients make strategic, data-driven decisions aligned with their investment goals.

When he's not working to support his clients, Shane enjoys spending time with his wife and two sons, playing guitar, and photographing Savannah's rich mix of nature and architecture.

Education

Bachelor of Science, SUNY ESF at Syracuse University - 2005
