Platform Park @ I-65 is a 1,179,983 square foot, Class A industrial park situated in Southern Indiana. The park is strategically located along I-65, providing easy access to the surrounding region and major markets. Upon completion, the park will feature five state-of-the-art buildings, offering a total of 1.1 million square feet of industrial space.

The park's design prioritizes integration with the surrounding corporate environment, incorporating natural tree cover and streams to create a unique and attractive leasing opportunity. By blending seamlessly into the Southern Indiana and Louisville communities, Platform Park @ I-65 aims to become a premier industrial destination for occupiers in the region.

The park's infill location along I-65 positions it as a key logistics hub, offering easy access to major transportation routes and facilitating the efficient movement of goods and services, both locally and regionally. This strategic location, combined with the park's high-quality infrastructure and makes Platform Park @ I-65 an attractive option for occupiers looking to establish or grown their presence in the Louisville MSA.

INTERSTATE ACCESS VIA APPLELEAF LANE

Interstate 65 (I-65) serves as Louisville's primary north-south interstate highway, playing a crucial role in the city's transportation network. Stretching from Gary, Indiana, to Mobile, Alabama, it facilitates the movement of goods and people through the heart of Kentucky's largest city. I-65 connects Louisville to major metropolitan areas and regional attractions, enhancing accessibility and economic growth. The interstate also provides vital links to other highways and local roads, making it essential for both commuters and commercial traffic in the region.
