10-30-5: DEVELOPMENT STANDARDS:

- A. Building Setback from Highway and Other Arterials (measured from right-of-way line): Minimum of 25', the front 15' of which shall be landscaped
- B. Setback from Side Streets: Minimum of 15', the front 10' of which shall be landscaped.
- C. Setback from Abutting Property: No setback is required except where property abuts a residential district, in which case, the following setback provisions shall apply:
 - 1. When the abutting district is zoned Low Density Residential, Medium Density Residential or Mobile / Manufactured Home Residential, a 35' building setback shall be provided. Non-vertical elements such as parking or circulation may be located within the 35' setback.
 - 2. When the abutting district is zoned High Density Residential, a 35' building setback shall be provided. Non-vertical elements such as parking or circulation facilities may be located within the 35' setback.

- D. Landscaping and Visual Buffers shall comply with Section 10-34 of this Title.
1. Except where the entire area between a street and building is landscaped, a minimum 3' high landscaped berm, hedge, natural vegetation, or heavy landscape planting shall be provided along the street frontage.
 2. A minimum of 15 percent of the developed site shall be landscaped, unless a preservation credit is achieved in accordance with FCC 10-34-2-4.
 3. When the abutting district is zoned Low Density Residential, Medium Density Residential or Mobile/Manufactured Home Residential District, an 8' solid fence shall be constructed for the entire length of the abutting residential district, excepting that Department of State Lands Removal/Fill permit conditions will be honored in location of fence or wall within or abutting a delineated wetland.
- E. Parking: Shall be in accordance with Chapter 3 of this Title.
- F. Signs: Shall be in accordance with Title 4 Chapter 7 of this Code. (Ord. 4, 2011)
- G. Lot dimensions: Minimum lot width shall be 100 feet for new subdivisions. Minimum lot depth shall be 100 feet for new subdivisions.
- H. Lot Area: Minimum lot size shall be 20,000 square feet for new subdivisions.
- I. Height Limitations: The maximum building or structural height shall be 40', except that the maximum height for structures immediately abutting any Low Density Residential District, Medium Density Residential District or Mobile/Manufactured Home Residential District shall be 35'. Residential dwellings and their associated structures refer to Section 10-10-5 of this Title for building height and structural standards.
- J. Vision Clearance: The requirements of Section 10-35-2-14 of this Title must be met.
- K. **Screening:**
1. Areas approved for outdoor storage shall be screened by a combination of landscaping and a solid fence or wall a minimum of 6' in height. Chain link with slats is not acceptable.
 2. Any trash or waste receptacle stored outside of an enclosed building shall be located within a trash enclosure constructed of a minimum 5' high solid wood fence or block wall with a solid wood or metal gate. Chain link with slats is not acceptable.
- L. Access: shall comply with Section 10-35 of this Title, except as modified by the following specific standard:
1. Driveway access from Highway 101 shall be limited to street intersections only, unless the property does not abut a side street or the property has at least 500 feet of highway frontage. In any case, shared driveway access between adjacent lots shall be required whenever practicable.
- M. Public Facilities: Refer to Section 10-36 of this Title for requirements.
- N. Open Space is required for residential developments of 4 or more units as follows:
1. An area on the site measuring a minimum of 100 square feet per dwelling unit shall be designated and permanently reserved as common open space.

2. In meeting the open space standard, the multiple unit development shall contain one or more of the following: outdoor recreation area, protection of sensitive lands (e.g., trees or bank vegetation preserved), play fields, outdoor playgrounds, outdoor sports courts, swimming pools, walking fitness courses, pedestrian amenities, or similar open space amenities for residents.
 3. To receive credit under this section, a common open space area shall have an average length that is not less than twenty feet (20').
 4. Any common areas shall be owned as common property and maintained by a homeowners associations or other legal entity. A copy of any applicable covenants, restrictions and conditions shall be recorded and provided to the city prior to building permit approval.
- O. Lighting: Refer to Section 10-37 if this Title for requirements.
- P. Residential Development: Residential development must meet the provisions listed in FCC 10-10-7 or 9 for the associated use.

10-30-6: DESIGN CRITERIA FOR NONRESIDENTIAL STRUCTURES

- A. Applicability: The criteria in this section do not apply to residential or mixed-use buildings with a residential component. See FCC 10-10 for applicable residential design criteria.
- B. Facades: Building facades shall be articulated to avoid long, unbroken surfaces. This may be accomplished by varying the setback of the building façade, adding tower elements to the building, providing bay windows or covered walkways, or providing other vertical or horizontal structural treatments to the building façade.
- C. Roofs: Hipped or gabled roofs are recommended. Flat roofs are permitted only if the roof line is either broken up with vertical treatments such as tower elements or decorative parapets and cornice treatments are provided. Mansard roofs are not permitted. HVAC equipment and other roof-mounted equipment shall be adequately screened or hidden from view from adjacent streets and property, with the exception of solar photovoltaic and solar thermal energy systems as allowed by HB3516.
- D. Materials: Exterior materials on buildings shall be masonry, horizontal wood siding or shingles, stucco or similar material. Sheet metal and cinder block are discouraged as primary exterior wall material. T1-11 may be used in conjunction with horizontal siding if approved by the Design Review Board.
- E. Colors: Predominant roof and building colors shall be consistent with the City's desired coastal village atmosphere. Compatible colors consist of earth tones and soft pastels. Incompatible roof and body colors include any colors used where the intent is to attract attention instead of complementing and accentuating the building design.
