EXECUTIVE SUMMARY

Campion Industrial Park is a stabilized industrial investment comprised of a 100% leased, four-building, single-story, multi-tenant warehouse complex totaling 100,405 square feet on 10.1 acres. The offering includes nearly two acres of fenced and secured industrial outdoor storage and a fully leased cell tower, providing additional income. Located in the Fort Collins/Loveland industrial submarket, Campion Industrial Park offers direct access to U.S. Highway 287, connecting Fort Collins and Denver. Originally constructed in 1967, with an expansion completed in 1985, the improvements consist of functional industrial buildings. The tenant roster includes 10 tenants, anchored by Awakened Foods under a newly executed three-year lease, supporting stable in-place cash flow.

The asset offers income growth potential through below-market in-place rents and the opportunity to lease approximately 25,000 square feet of vacant, fenced, and secured outdoor storage. With stabilized occupancy, diversified income streams, and Industrial Light (IL) zoning allowing for a range of industrial and commercial uses, Campion Industrial Park presents a well-located Northern Colorado industrial investment with both current income and future growth potential.

INVESTMENT HIGHLIGHTS

STRONG GOING-IN YIELD

Campion Industrial Park is approximately 100% occupied, generating in-place NOI of \$1,089,172, which incorporates a 5% vacancy factor (\$57,325). Anchored by Awakend Foods under a newly executed three-year lease, the asset delivers a 6.98% capitalization rate based on current in-place NOI, providing stable cash flow relative to Northern Colorado industrial comparables.

RENT UPSIDE & RARE OUTDOOR STORAGE

Rents remain below prevailing small-bay industrial rates in the Fort Collins/Loveland submarket. Average rents at the subject are under \$12.00 NNN, with small-bay spaces under 25,000 SF within the submarket typically leasing for \$13.00/SF. With limited new construction and steady tenant demand, the property offers upside through upcoming lease renewals of new leases. The asset also includes 86,000 SF of secured outdoor storage, with 25,000 SF currently vacant, expected to be absorbed by an existing tenant in early 2026. This type of fenced storage is rare in the submarket, supporting tenant retention and leasing demand.

STRATEGIC LOCATION & FLEXIBLE SITE

Located between Loveland and Berthoud, with direct access to U.S. Highway 287 and connectivity to Interstate 25 via Highway 60, the site benefits from strong regional logistics. Northern Colorado industrial vacancy remains slightly above its 10-year average at 4.5%, while growth among manufacturing and service-related tenants strengthens demand for small-bay industrial product. Zoned Industrial Light (IL), the 10.1 acre site (439,956 SF) provides ample truck circulation, parking, and outdoor storage, accommodating a broad range of industrial uses and supporting long-term tenant retention.
