

# SEC 3.1.007 PLACE TYPE ZONING MAP

Legislation regarding Geospatial Data Products mandates that a City must provide certain notice on each map that: (1) is created or hosted by the City; (2) appears to represent property boundaries; and (3) was not produced using information from an on-the-ground survey conducted under the supervision of a registered professional land surveyor. The notice must, in essence, read as follows: "This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries." Tex. Gov't Code §2051.102
