FUTURE ARTS DISTRICT PROJECTS

KLA Construction & Development is located in Las Vegas, Nevada and has an extensive experience in ground up construction and the full-scale remodeling of dilapidated properties while gentrifying and completely modernizing the Downtown Las Vegas landscape. KLA Construction has received many awards through its affiliated investment company, KLA Capital, for its projects throughout the Las Vegas area.

Within this project framework, the landlord assumes the roles of general contractor and developer, enabling the execution of all Tenant Improvement work internally, concurrently with shell and core construction. This approach offers prospective tenants substantial savings, both in terms of time and money, as parallel construction ensures the highest quality and lowest cost when managed by a single contractor. This streamlined process facilitates turn-key delivery of suites.

KLA Capital specializes in investing in strategically located properties in need of extensive remodeling and construction. Currently, it holds the position of the second highest property owner in Downtown Las Vegas. Collaborating with KLA Construction & Development, Inc., KLA Capital revitalizes empty land parcels or older properties, bringing them back to the market with modern or traditional styles that appeal to a diverse range of tenants.
