SITE MAP

- 1** Offers direct access to I-985. Less than 20 miles to I-85
- 2** Reduces transportation costs for manufacturers across the region
- 3** Will serve existing port customers, and act as an economic development tool to draw new investment
- 4** Reduces congestion on Georgia highways
- 5** Serves the manufacturing and logistics corridor along I-85/985 in Northeast Georgia
- 6** Rail deliveries can shorten truck delivery times from approximately seven hours to less than 30 minutes

NORTHEAST GEORGIA INLAND PORT BLUE RIDGE CONNECTOR

The planned 104-acre Northeast Georgia Inland Port will provide a direct link to the Port of Savannah via Norfolk Southern. The rail terminal will open with 9,000 feet of working track, expanding to 18,000 feet at full build-out. With a top capacity of 150,000 container lifts per year, the facility will offset 600 roundtrip highway miles for every container moved by rail
