PROPERTY OVERVIEW

200,000 SF Space in Sunset Park For Lease

The Cannery at Sunset Park

The American Can Company was one of the largest manufacturers of tin cans in the United States producing containers for a wide variety of goods, from food to industrial products. It purchased an entire city block upon which, in 1921, it built **4312 2nd Avenue**. The property was utilized as part of its extensive operations for the manufacturing of metal cans. The company was a pioneer in automated production processes and its plant here likely featured cutting-edge technology.
