SMART SPACE

This Energy Star Certified facility combines modern industrial strength with inspired design. Sunlight pours through the glass-enclosed showroom, creating a bold and welcoming entry. Inside, open offices and a soaring warehouse offer room to grow, while smart systems such as daylight-harvesting lighting, geothermal conditioning, and solar-tracking skylights deliver efficiency and comfort.

With 71,815 square feet, clear heights up to 34 feet, and five dock doors plus a grade-level door, the building is built for speed and flexibility. Power includes 1,200-amp service, buss duct distribution, and a backup generator, ensuring reliability for demanding operations.

This is your opportunity to elevate your corporate headquarters in a space built for the future.
