# PARCEL HISTORY

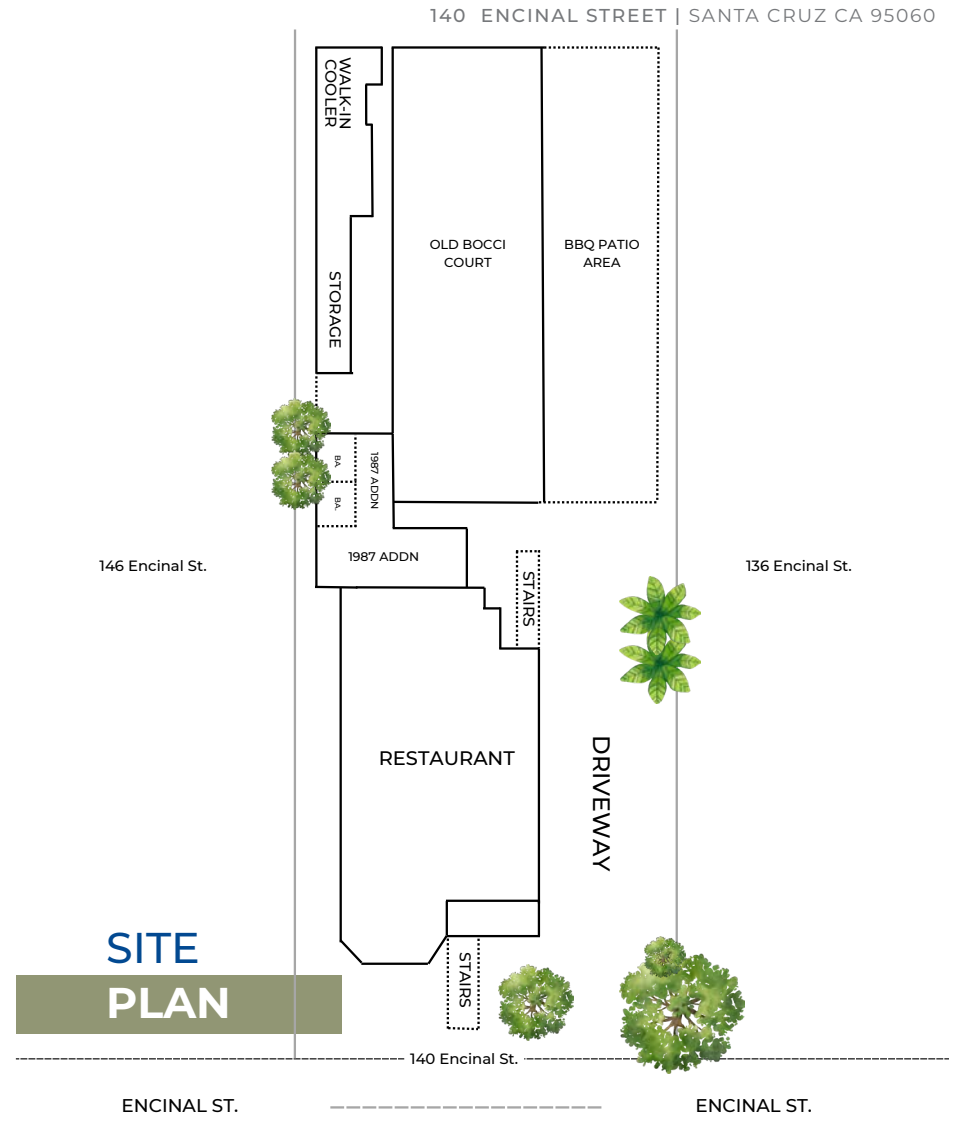

Based on a review of the Assessor's Records and the permit history of the subject parcel, the parcel is currently developed with restaurant/bar, a bocce shed, barbecue patio shed and other miscellaneous outbuildings.

The building had previously serves as the restaurant and bar was constructed c.1888 as a single family dwelling which was converted under permit SUP/DP/V-85-316; however, the Assessor's Records indicate that the first floor of the building was used as bar/restaurant as early as 1975 and some sources indicate that the restaurant use may have been in place as early as 1945 (the floors above remained as a single residence).

Under permit SUP/DP/V-85-316, in order to meet required parking standards in effect at the time, the upper floors were required to be converted to storage.

The bocce court shed was constructed c.1940, with barbecue patio and storage sheds being constructed c. 1950.

The subject parcel is considered non-conforming as it does not meet the minimum parcel size for the district (20,000 net square feet minimum) and also exceeds the maximum allowed lot coverage (80%).

# ANALYSIS

According to the applicable zoning regulations for the subject parcel, further development of the subject parcel is feasible with the required approvals and permits. Below is a short discussion of several development options but should not be considered an exhaustive list. Please see the City Code Section 24.10.1500 -1530 for a complete list of allowable uses.

1. **Commercial Kitchen, Ghost Kitchen, or Commissary:** The property is ideally suited for use as a commercial or ghost kitchen, meeting the increasing need for delivery-only food production or shared commissary spaces.
2. **Cannabis Lounge:** A cannabis lounge is another feasible option, catering to the evolving cannabis market in Santa Cruz and aligning with the flexible IG zoning allowances.
3. **Reopen as a Restaurant/Bar:** A new operator could reopen the space as a restaurant or bar, with a new permit application required. The permit will be issued to the operator rather than the property owner, unless they are the same.
4. **Expand to Second Floor:** Expansion to the second floor may be possible, provided additional parking is secured within 500 feet. This would require an amendment to the current Development Permit.
5. **Alternative Commercial Uses:** IG zoning also allows a variety of other commercial uses, including:
  - Acting, art, music, and dance schools or studios
  - Building materials or garden supply stores under 40,000 SF
  - Financial, insurance, and real estate offices
  - Furniture and fixtures manufacturing
  - Laboratories for research, software development, or cannabis testing
  - Medical and health offices or labs
  - Millwork and textile production
  - Printing, publishing, or lithographic shops
  - Professional and personal services (excluding mortuaries)
  - Rental services
6. **Redevelopment Potential:** Full demolition and redevelopment are also possible, as the property is not listed on the Historic Register. This opens up opportunities for new development in line with IG zoning guidelines.

# PROXIMITY MAP

# LOCATION OVERVIEW

Santa Cruz County has 276,603 residents and is situated at the northern tip of Monterey Bay, approximately 65 miles south of San Francisco, 35 miles north of Monterey, and 35 miles southwest of Silicon Valley. Its natural beauty is present in the pristine beaches, lush redwood forests, and rich farmland. It has an ideal Mediterranean climate with low humidity and sunshine 300 days a year.

Santa Cruz County is the Gateway to the Monterey Bay National Marine Sanctuary, has 29 miles of coastline and includes numerous state parks and beaches. Its quaint shops and restaurants, coupled with a multitude of cultural and recreational activities, including sailing, fishing, golfing, surfing, kayaking, hiking and biking, provide a wealth of leisure activities. The State of California owns and maintains 42,334 acres of parks in the coastal and mountainous areas of the County. The County maintains an additional 1,593 acres of parks, not including the numerous parks also found within the cities. Cultural amenities include the Santa Cruz County Symphony, the Cabrillo Music Festival, Shakespeare Santa Cruz, the McPherson Museum of Art and History, the University of California Performing Arts Center, and the Henry J. Mello Performing Arts Center.

The County's strong local economy is anchored by technology, agriculture, and tourism. The school system includes Cabrillo Community College and the University of California, Santa Cruz. Santa Cruz also hosts the Long Marine Laboratory, the Lick Observatory, the National Marine Fisheries service, and the Monterey Bay National Marine Sanctuary Exploration Center.

The County is served by the San Jose International Airport, the San Francisco International Airport, Oakland International Airport, Monterey Peninsula Airport, and the Watsonville Municipal Airport. Rail access is provided by Union Pacific Railroad, with a railhead at Watsonville Junction.
