Unique Architectural Features

2001 S Hanley was formerly the home of the Wallace Pencil Factory. It's since been converted into Hanley Pointe, a beautiful multi-tenant, creative style building perfect for office and retail users. Some of its unique architectural features include:

- Wooden Beams
- Extensive Window Lines
- Exposed Brick
- Exposed Ceilings
- Clerestories & Skylights

A New Office Experience

Founded in 2010, Intelica Commercial Real Estate was created from a desire to offer services catered specifically to the needs of the St. Louis region, rather than the “dot on a map” approach of national brokerages.

Over the course of 13+ years, Intelica has grown service lines in private equity, construction management, occupier services, architecture, and marketing.

The founders and team members remain committed to the economic development of the region through strategic partnerships, philanthropy, and thousands of volunteer hours with local nonprofits every year.
