City Life

Age 18-35

A combination of young professionals and students living in the nation's most density populated and expensive cities. While many are starting in white-collar professional careers, others of this highly mobile group are still finishing their degrees.

Urban Diversity

Age 46-75

Households predominantly in their 50's. These middle-income, white-collar professionals take advantage of urban life, enjoying the income and time that they have to the fullest. They spend their time on the Internet reading news and enjoy sports and movies.

Career Building

Age 18-35

Made up of young singles with no children in the home. They are a mix of mobile renters and first-time homeowners, living in condos and single-family houses. They are beginning to save and invest while also enjoying new technology and trendy stores that cater to their age range.

City Mixers

Age 30-55

Single, ethnically diverse urbanites in their 30s to 50s with no children in the home. They work in a broad spectrum of white-collar jobs. Spending reflects clothing, shoes, electronics and travel, enjoying a rich cultural experience.
