THE NATION WITHIN REACH

The Columbus Region has 2 international airports: John Glenn Columbus International Airport (CMH) and Rickenbacker International Airport (LCK). Rickenbacker International Airport is one of the nation's only cargo-focused airports, with onsite warehouses and distribution spaces and no nighttime noise restrictions.

Columbus is a prime location within a one-day truck drive or one-hour flight of 41 percent of the U.S. population, 80 percent of U.S. corporate headquarters and 43 percent of U.S. manufacturing capacity.

Norfolk Southern and CSX, 2 of the nation's largest rail providers, provide coast-to-coast rail service for double-stacked freight trains via the Heartland and Gateway corridors. 4 intermodal terminals handle 800,000 container lifts annually as they make their way to world markets and seaports.
