PROPERTY HIGHLIGHTS

Sunoco Gas Station & Auto Repair – Turnkey Investment Opportunity

Rare opportunity to acquire an established Sunoco-branded gas station with a fully operating auto repair service. This income-producing property features 4 fuel pumps and a 3-bay service shop within a 2,030 SF building, offering immediate operational continuity for a new owner.

The station is currently operating under a month-to-month fuel supply agreement, providing the buyer with flexibility and control moving forward.

Unlike stations encumbered by long-term supply contracts, this property offers the new owner greater control and the ability to negotiate future fuel supply terms based on their business objectives.

The property also offers significant expansion potential. The new owner may have the opportunity to add approximately 2,000 to 3,000 square feet or more, depending on their plans and local approvals. With excellent visibility, ample parking for approximately 25 vehicles, and a strong existing clientele, this location is well-positioned for continued growth.
