I have added running the White Rock Marathon to my Bio. For 2 years, I would run 3-6 miles 4 to 5 days a week, adding longer runs (11-21miles) months before the marathon. This required running in the heat, rain, and cold, which required commitment and perseverance. **Running the 26.2 miles was challenging, hitting the “wall” at 23 miles, but sprinting to the finish line.** With that same commitment and perseverance, I serve my clients.
