SITE INFORMATION

PROPERTY DESCRIPTION AND HISTORY:

The proposed site is located within Verano South, a premier master planned development that is well positioned for Industrial, Data Center, Office, Medical Office and other Business Park re-lated uses. Originally a 2,500-acre site known as 'Verano', it has since acquired an anchor partner in Texas A&M University-San Antonio, sold land to Southstar Communities for their successful VIDA mixed-use development, and seen the resulting residential improvements and a new 70-acre University Health Palo Alto Hospital, which is under construction. The remaining land now referred to as 'Verano South' includes ± 1,100 acres of land owned by Verano Land Group, LP a Nevada Limited Partnership who has taken an active role in the land development retaining civil engineering firm WGI to lead the project.

PROPERTY SITE LOCATION:

The site proposed for this opportunity is a ±45 acre parcel located with frontage along Mauermann Rd. Mauermann Road is a roadway on TXDOT's project list to serve as an east/west connector from US 281 to Hwy 16. US 281 is a direct connection to Interstate 37 leading south to the port at Corpus Cristi (+/- 140 miles) and north to the San Antonio International Airport (+/- 15 miles). Highway 16, Interstate 35, and nearby Loop 410 offer either a 10 minute drive north to downtown San Antonio or lead south to the US and Mexico border (+/- 150 miles). Nearby Hwy 90 and Interstate 10 offer access to the port in Houston (+/- 200 miles) with a potential rail port available at the Port San Antonio logistics hub approximately 10 miles away.

The site is also benefits from being adjacent to Texas A&M University-San Antonio, the fastest growing campus in the A&M University system, and the successful masterplanned mixed use community, VIDA San Antonio. In addition to the University Health System Hospital, the largest health system in South Texas, Methodist Healthcare, has announced a recent land acquisition for a facility at the nearby southwest Corner of Loop 410 & Zarzamora. The area's residential development offers an exceptional variety of housing options including mixed income apartment projects, garden style apartments, town homes, and single-family homes with many more developments on the horizon.

UTILITIES:

Verano South offers an abundance of utilities that can accommodate a variety of uses. Water and sanitary sewer are provided by the San Antonio Water System (SAWS). Water and sewer are available at the site and can be tapped immediately and plans showing the proposed connection are detailed on the following exhibits. Gas and electric are provided by CPS Energy. A major benefit of Verano South is the CPS substation that sits within the Property (off Mauermann Road), which we understand can accommodate a significant power user. In addition, the site is adjacent to a gas pipeline with substantial available capacity.

Information About Brokerage Services

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

2-10-2025

TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

AS AGENT FOR OWNER (SELLER/LANDLORD): The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent. **An owner's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BUYER/TENANT: The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent. **A buyer/tenant's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BOTH - INTERMEDIARY: To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
 - o that the owner will accept a price less than the written asking price;
 - o that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
 - o any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

AS SUBAGENT: A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.
