

A WORLD-CLASS SITE FOR SEMICONDUCTOR/ NANOTECHNOLOGY INDUSTRIES!

Site Features

- 1,200+ acres
- Land control by local government
- Redundant, resilient infrastructure
- Reduced time-to-market

Redundant, Resilient Infrastructure

- Electric: redundant/reliable feeds at 115 kV and 345 kV; 200 MW capacity
- Natural gas: 750 dt/hr capacity
- Water: redundant supply options; 20 mgd excess water capacity
- Fiber optic: multiple providers

Time-to-Market Enhancements

- Natural gas and electric designs completed
- Industrial zoning
- State Environmental Quality Review (SEQR) completed
- State Historic Preservation Office (SHPO) consultation completed
- Informed decision-making/completed studies: Geotechnical, Traffic, Phase I ESA, EMI/Vibration

Workforce Development

- 1.5 million people within Central NY Region
- 43 colleges and universities
- Skilled trades training centers
- STEAM education resources
- Business/technology incubators
- Microsoft Smart Cities Technology Hub

Regional, National and International Companies Located in Central NY

- Amazon (Fulfillment Center)
- Anaren, Inc. (Microelectronics)
- Bristol-Myers Squibb (Biopharma)
- Carrier Corporation (Corporate HQ/HVAC Systems)
- Ephesus (Eaton Corporation) (LED Lighting)
- Hillrom (formerly Welch Allyn) (Medical Devices)
- Inficon (Sensor Technology)
- Lockheed Martin (Aerospace, Security, Advanced Technology)
- MS Kennedy Corporation (Analog Microelectronics)
- Saab Sensis (Air Traffic Management & Security)
- SRC, Inc. (Defense, Environment, Intelligence)

Development Partners

- Empire State Development (esd.ny.gov)
- National Grid (www.shovelready.com)
