

Letters from the DOT and newspaper article indicate limited access to HWY 29 may not happen for the next 20 years, subject to change of course.

Please note the fourth paragraph of the Notice and Order document, which states that no one shall erect, move in, rebuild, alter, or add to, any structure within the area of the rights-of-way as shown on the Map without first notifying the Wisconsin Department of Transportation by registered mail 60 days prior to the contemplated construction, as required by s.84.295(10)(b) Wis. Stats. Such notice shall be made to the Department of Transportation Regional Office in Rhinelander, Wisconsin.

If you have any questions, please contact Rich Handrick, P.E. at 1-715-365-5716 or email richard.handrick@dot.wi.gov
