(Ord. No. 01-99, § 1(301.2(503.00)), 11-3-1999)

(2) *Exceptions to minimum yard requirements.* Every part of every yard shall be open and unobstructed from the ground up, except as follows:

- d. In all residential classifications, where a lot is situated between two lots, each having a principal building which projects beyond the minimum front yard requirements for its classification, its minimum front yard requirement shall be the average of the distance between the front lines and the fronts of the principal buildings on the adjacent properties.
- e. If, because of prior zoning regulations, or because of a unified plan of development, or for any other reason, a majority of the houses already constructed in a particular residential neighborhood observe a setback greater

ARTICLE IV. – SOUTH 17-92 OVERLAY DISTRICT

Sec. 5.9. Purpose and Intent.

The purpose of the South 17-92 Overlay District is to provide additional development restrictions and opportunities within the area along South U.S. 17-92 consistent with the adopted Comprehensive Plan. The Comprehensive Plan provides for mixed-use and commercial development to support the overall growth and development of the City. It is the intent of this Article that adequate flexibility be provided to accommodate the purposes and style of development described in the Comprehensive Plan.

Sec. 5.10. Applicability

The provisions of this Article shall apply within the area identified on Figure 5-1: Overlay Districts Map as the "South 17-92 Overlay District."

Sec. 5.11. Use and Development standards

- (a) Shared driveways between adjacent parcels are required for developments where driveway separations per this Code cannot be provided. Shared driveways will be encouraged in all other developments in consideration of driveway separations, median openings, and distance to street intersections. Coordinated development on a single parcel or coordination of developments on adjacent parcels under a unified development plan is encouraged. Where parcels are combined for development purposes, a unity of title agreement must be recorded ensuring that multiple parcels remain under a common ownership or control. The City Council may allow a reduction in the lot area and/or frontage requirements where adjacent developments are coordinated so as to meet the intent of this provision.

- (b) Permitted uses in the South 17-92 Overlay District shall be as regulated by Table 5-1 in Section 5.18.

(Ord. No. 01-99, § 1(302.2), 11-3-1999; Ord. No. 16-04, § 2, 11-3-2004; Ord. No. 02-12, § 2(Exh. A), 9-5-2012)

ARTICLE V. – VILLAGE CENTER OVERLAY DISTRICT

Sec. 5.12. Purpose and intent.

The purpose of the Village Center Overlay District is to introduce both development restrictions and opportunities within its boundaries, aiming to fortify and guide development toward existing communities while fostering walkable neighborhoods. This overlay district promotes the creation of a compact, multiuse, and mixed-use development area encompassing retail, office, and service spaces, contributing to the overall growth and development of the City. Located just south of the Highbanks Road Node along the US 17-92 corridor as described in Article VI of this Chapter, the Village Center Overlay District is strategically positioned as a regional roadway segment connecting multiple communities. Designed to accommodate a diverse range of uses, this overlay district serves the adjoining neighborhoods and passing motorists. The vision for this section of US 17-92 includes a commitment to high-quality development, portraying the City's arrival with an image of a pedestrian and bicycle-friendly environment.

Sec. 5.13. Applicability.

The provisions of this section shall apply within the area identified on Figure 5-1: Overlay Districts Map as the "Village Center Overlay District."

Sec. 5.14. Permitted Uses

Permitted uses in the Village Center Overlay District shall be as regulated by Table 5-1 in Sec. 5.18.

(Ord. No. 01-99, § 1(302.1), 11-3-1999; Ord. No. 16-04 § 1, 11-3-2004; Ord. No. 22-02, § 3, 12-11-2002; Ord. No. 10-11 § 2, 10-5-2011; Ord. No. 02-12, § 2 (Exh. A), 9-5-2012)

ARTICLE VI. FORM-BASED CODE OVERLAY DISTRICTS: NODES AND CORRIDORS

Healthy cities have a mixture of activity centers and mixed-use corridors. The activity centers typically contain the most intensive commercial activity, and the corridors feature a variety of building types along streets designed for all
