## INVESTMENT OVERVIEW

Marcus & Millichap are pleased to present the opportunity to acquire a well-maintained 24-unit multifamily property located at 3143 S H Street in Bakersfield, CA. (APN: 023-172-19-01-6). This two-story garden-style property was built in 1968 and has been renovated through the years of ownership, offering a clean, professionally managed asset with a total of 20,760 rentable square feet on a 0.74-acre lot. The property consists of a strong unit mix of (23) two-bedroom / one-bathroom and (1) one-bedroom/one-bathroom apartments, providing strong tenant appeal in a submarket with steady rental demand. On-site amenities include a large, well-maintained swimming pool and a high-performing laundry facility that generates additional income.

Located along the South H Street corridor, the property enjoys high visibility and near access to Highway 99, public transportation, and major arterial roads. Residents benefit from proximity to major amenities, including Valley Plaza Mall, Walmart, Target, and several grocery stores. The neighborhood is also surrounded by public parks, schools, and community services, making it an attractive rental location for families and working professionals alike. The S H Bakersfield submarket is known for its mix of residential stability, retail convenience, and proximity to employment centers—factors that support long-term tenant retention and consistent occupancy rates.

This offering presents a compelling value-add opportunity for investors. Current rents are below market levels, allowing new ownership to unlock immediate upside through targeted rent adjustments and minor interior upgrades. With solid in-place income, desirable unit layouts, and strong supporting demographics, 3143 S H Street is a rare chance to acquire a stabilized multifamily asset with proven performance and meaningful potential for increased returns in one of Bakersfield's most established and accessible rental corridors.

# MARKET OVERVIEW // S H Garden Apartments

## BAKERSFIELD

The Bakersfield metro lies near the southern end of the San Joaquin Valley and encompasses all of Kern County. The Kern River flows through the region, which includes parts of three mountain ranges that limit development. The city of Bakersfield, which is the county seat, contains roughly 376,200 residents. Amazon recently completed a large distribution facility near Meadows Field, which may bring up to 3,000 new jobs to Kern County.

## METRO HIGHLIGHTS

### CENTRAL CALIFORNIA LOCATION

An expanding transportation network provides convenient access to California ports and major cities and is growing the logistics and distribution sector.

### NATURAL RESOURCES

Kern County is one of the most oil-productive counties in the nation and the Elk Hills field is the state's top natural-gas producer.

### LOW COST OF LIVING AND DOING BUSINESS

Favorable home prices, relatively lower land costs than nearby markets and a pro-business environment attract employers and residents to the area.

## ECONOMY

- Agriculture still accounts for a major portion of the local economy with the presence of companies that include Giumarra Cos., Grimmway Farms and Bolthouse Farms.
- Oil and natural-gas deposits attract companies such as Aera Energy, Chevron, Ensign Energy Services, California Resources Corp., and Pacific Gas and Electric to the metro.
- The alternative-energy sector is growing; the largest wind farm and solar array in the state are located here.
- The metro also has a strong aviation, space and military presence, including Edwards Air Force Base, Halliburton and the China Lake Naval Air Weapons Station.
