Unlock your potential in Cherokee County

Cherokee Commerce Center 85 is the Upstate's newest industrial park located on the I-85 corridor in an area of rapid growth between Greenville-Spartanburg, SC and Charlotte, NC.

The 290-acre site offers tenants mid to bulk size Class A industrial space in a convenient location proximate to key infrastructure and major population centers throughout the Southeast.

Park developer Glenstar and capital partner Creek Lane Capital plan to deliver on the first spec building in Q4 2024: ±555,520-SF (expandable up to 1.3 MSF) Building 2.

Cherokee County is expressly pro-business and welcoming to incoming tenants and owner/occupiers, offering Tier-4 incentives to ensure you not only find the right facility, but are able to maximize your ROI and meet financial targets with the same location decision.

- ✓ **Pro-Business**
- ✓ **Maximum Accessibility**
- ✓ **Favorable Labor Dynamics**
- ✓ **Lowest Local Tax Rates**

Upstate South Carolina

A recent surge in activity and interest has converged on the Upstate, SC market due to the region's investment and expansion of favorable conditions and incentives for industrial users and its ideal location connecting major population centers in the Southeast.

The Upstate offers industrial users excellent access to one of the most efficient inland ports in the country, the Inland Port of Greer, connectivity to key logistics infrastructure, an expansive and diverse manufacturing network and one of the fastest growing populations/workforces in the country.

DEVELOPED BY:

Glenstar Logistics, the industrial arm of Glenstar, develops and invests state-of-the-art warehouse, distribution and manufacturing facilities primarily in the southeast region of the United States. Headquartered in Chicago, Glenstar Logistics' leverages decades-long relationships with local brokers, logisticians and users to provide a unique insight on key factors tenants evaluate when making site selections. With 400+ acres currently under control, the team combines decades of real estate experience and proprietary third-party data analytics to direct every aspect of the development process with the end user in mind.

CREEK LANE CAPITAL

Creek Lane Capital was founded in 2016 with the goal of generating long-term wealth through a "build/reposition to core" investment strategy focused on accumulating a portfolio of high quality income producing assets in select markets across the country. Our approach to investing seeks to combine the value creation achieved through opportunistic investing with the premium yield and ongoing asset appreciation available from holding these high quality, stabilized assets. Rather than "flipping" investments once they are stabilized, we take a longer view aimed at maximizing risk-adjusted return, considering current income, asset appreciation, and overall market dynamics in that analysis.
