RE: Plans and Specifications (P&S)  
Shanken Townhomes Sewer Extension  
JV Road Water Reclamation Facility  
NPDES Permit No. GA0050301  
EPD # 2025-167  
Liberty County

Dear Mr. Howard:

This letter is to acknowledge that the Georgia Environmental Protection Division has received the plans and specifications for the above-referenced project, which consists of installing approximately 1,438 linear feet (LF) of 8" PVC gravity sewer. The submittal appears to be complete. This project has not been selected for technical review by the Wastewater Regulatory Program. You may proceed with the installation of the sanitary sewer lines and/or equipment listed above without any further review from the Wastewater Regulatory Program.

If you have any questions or concerns, please contact me at (470) 524-0657 or [alex.gramling@dnr.ga.gov](mailto:alex.gramling@dnr.ga.gov).

Sincerely,

Alex Gramling
