# ABOUT CHARLESTON

Each year, thousands of new residents relocate to greater Charleston, bringing new ideas and diverse talents to this thriving community. Young singles, established professionals, growing families, college students, empty nesters – all are eager to enjoy the local lifestyle and build a career in Charleston. Consistently named among Condé Nast Traveler's top 10 US destinations, Charleston boasts a world-class array of recreational and cultural amenities rarely found in a mid-size market. The three-county region is also home to several colleges and universities, which greatly influence local arts and entertainment options. And for the career-minded, several professional associations and training programs are available to ensure business success.

Charleston is becoming a prime location for information technology jobs and corporations and has experienced some of its highest growth in this sector between 2011 and 2012 due in large part to the Charleston Digital Corridor located just 10 - 15 minute drive away from the subject property. The CDC is a creative effort to attract, nurture and promote Charleston's knowledge economy by facilitating a business, physical and social environment where technology companies thrive.
