EXECUTIVE SUMMARY

THE OPPORTUNITY

First Capital Property Group is delighted to introduce an exceptional investment opportunity at 550 Holts Lake Ct., a strategically located small bay Industrial/Flex building. Positioned at the epicenter of vast industrial developments housing major national corporations like Coca-Cola, Goya Foods, Amazon, Copart, and Chadwell, this property stands as a prime asset in a dynamic business landscape.

Nestled just minutes away from major transportation arteries, 550 Holts Lake Ct. offers unparalleled connectivity for efficient logistics and distribution operations. The property's strategic location ensures it plays a pivotal role in the regional industrial ecosystem.

With existing tenant income in place, investors can benefit from immediate returns on their investment. Moreover, the property's unique feature lies in the flexibility it offers – the current owner, who occupies only half of the building, is flexible with regard to departure timeframe upon closing. This presents an opportunity for new owners to take full possession, providing flexibility in space utilization or the potential for additional rental income.

The building boasts high-quality office buildout finishes, creating a professional and appealing workspace environment suitable for modern businesses. Additionally, the property benefits from an owner-friendly, low-cost association with condo fees at \$1.50 / SF (\$843.75 / month). This association takes responsibility for the roof and the exterior maintenance, contributing to cost-effectiveness and alleviating the burden on property owners.

In summary, 550 Holts Lake Ct. stands as a prime investment opportunity, combining a strategic location, existing tenant income, flexibility in occupancy, and cost-efficient ownership. This small bay industrial/Flex building is poised to deliver long-term value in the heart of a thriving industrial hub.
